VOL XIX---NO. 172. NEW BERN, N. C., FRIDAY MORNING, OCTOBER 18, 1901. TWENTIETH YEAR

DO you, on the mere ground of economy, buy the cheapest cloth for your dress, the cheapest carpet for your floor, the cheapest furniture for your house? And if you don't, why buy cheap coffee? It is the most expensive of all economies. Do you realize that the best coffee to be bought (Chase & Sanborn's Seal Brand) costs actually only 1 cent a cup! You need to use very little of it because of its high quality. Don't take our word for this! Test it yourself!

In 1-lb. and 2-lb. Tin Cans (air tight). Other high grades in richly-colored parchment bags (moisture proof).

RAILWAY WORK.

There is Considerable of This Going on in the State,

Trial of Gold Brick Men Next Tuesday. Contract to be Awarded. Mourning Still Hanging. Not Many Pensions Asked For.

RALEIGH, Oct. 17.—There is considerable railway construction in the State. Among the lines may be mentioned Appalachia Short Line, 10 miles in operation, 8 miles under construction; the Atlanta, Knoxville & Northern's 10 mile branch to Appalachia, nearly completed. The Carolina & North Western long the Chester & Lenoir narrow gauge is being made standard gauge 109 miles, Chester to Lenoir. About 10 miles of the Charlotte, Monroe and Columbia is completed; this to be a branch or connecting link of the Seaboard Air Line. The East Tennessee & Western N. C. has completed 12 miles of its extension from Montezuma via Morganton to Lincolnton, 65 miles. Eight miles of 33 of the Fayetteville & Albamarle is graded from Southern Pines eastward. Of the Moore County & Weston 20 miles is completed. The Norfolk & Weston is building three branches into this State; one into Ashe county and two into Alleghany; two to reach iron ore beds, and one to reach factories. The Beaufort county lumber company is building a 25 mile line from Greenville to Vanceboro. Good progress is being made in the survey of the 90 mile road from Winston to Wadesboro.

Attorney General Gilmer says the notable case against the tnree "gold brick" swindlers, now in Greensboro jail, will will be argued in the Supreme Court next Tuesday. The case is of special interest, as it is the first of its kind in this State. The evidence is conclusive. A Chicago lawyer will appear for the swindlers. These are the men who tried to victimize Paul Garrett of Weldon, who so admirably trapped them.

The contract for the $25,000 main building at the Methodist Orphanage here is to be soon awarded but the work will hardly begin before next Spring. It had been the hope to have work begin in September.

The Adjutant General today sent out the last of the warrants in full settlement of the claims for expenses incurred in the mobilization of the volunteers here in 1898.

The mourning for President McKinley remains on the government building here until Oct. 19, a month after the burial at Canton. The flag will remain at half-staff until the same date. All other mourning has been removed.

The State charters the Martin county telephone company, of Williamston, capital $25,000..

Half a dozen articles arrived today for the State Fair. One is "Oliver W." a noted "trotter."

All the officials are surprised at the smallness of the number of pensions in the new roll. The auditor was sure a month ago there would be 10,000. Estimates run from 9500 to 10,000. There are only 8627. These will get about $200,000, which is the limit under the new act.

Disciples of Christ Meet.

MINNEAPOLIS, Minn., Oct. 16.—The first twentieth century convention of the American Christian Missionary Society (Disciples of Christ) opened here.

President I. J Spencer read his annual address, his topic being "The Divine Plea." Reports submitted showed collections for home mission work during the year amounting to $279,931. For local work the State boards raised $2,417,684. The church extension fund reached $305,443 while the total receipts through all channels of church benevolence amounted to $6,210,489.

J. A. Lord, editor of the Christian Standard, made an address on "The Twentieth Century City," in which he said that people living in the city are more apt to stray after false gods than their brothers in the country.

The Society has decided to hold next year's convention at Omaha and to meet at St. Louis in 1903. Addresses were made today by W. J. Wright, of Washington, D. C.; W. J. Lamon, of Allegheny, Pa., and J. H. Moherter, of Boston.

Bread Riots in Russia.

LONDON, Oct. 16—"The Lemberg papers report bread riots at Taraskova, Eastern Russia," says the Vienna correspondent of the Daily Mail.

"In Semara," continues the dispatch, "the starving peasants stormed the municipal buildings and the residences of wealthy persons, setting some on fire. troops were summoned and 14 peasants were killed. Similar riots, in which several persons were killed, occurred at Anderweska, where two land owners have been murdered, and also at Pestrawka and elsewhere in the same district."

The Vienna Neues Abend-Blatt reports that there has been rioting in Kicheneff, Bessarabia, where 1,000 students attacked and wrecked the house of the Government, the headquarters of the police and the office of the Official Gazette. Many encounters took place between the students and the police. Eleven persons were killed and 36 injured.

A Millionaire Engineer

CHICAGO, ILL., Oct. 16.—John Jacob Astor, of New York, dropped the role of millionaire and took up that of a locomotive engineer for a short time today. With blue jeans overalls and buckskin gloves the colonel sat on the right side of a locomotive cab and piloted the fast mail on the Lake Shore road. It was not a record-breaking performance, but it came very near the mark and proved that at least one of New York's four hundred can do things out of the usual.

C. M. Phelps, Forestdale, Vt., says his child was completely cured of a bad case of eczema by the use of DeWitt's Witch Hazel Salve. Beware of all counterfeits It instantly relieves piles. F. S. Duffy.

"A Policy of Conciliation."

WASHINGTON, Oct. 16.—Senator Morgan, of Alabama, who was one of President Roosevelt's callers today, talked with the President about the prospects of the Nicaraguan Canal at the coming session of Congress. The President told Senator Morgan that he would submit to the Senate a new treaty on the subject which more nearly met his views than the first Hay-Pauncefote treaty, but he did not go into particulars.

Speaking of the President's policy in regard to Southern appointments, Senator Morgan said: "It is the policy of reconciliation, and policy of appointing the best men to office."

A Lake's Jawbreaking Name.

The town of Webster, Mass., has always been proud of the beautiful little lake within its limits, but never boasted of the jawbreaking name by which it is known. The lake has the longest and most unpronounceable name of any in the world, and residents and visitors who pass the summer on its shores and islands are quietly suggesting a substitute for the unwieldy Indian term which for many years has been applied to this body of water. The full name of the lake is Chargoggagoggmanchogagoggagungamaug, but the residents have contracted it to Chaubunagungamaug.—Engineer.
