BUYERS MAKE MARKETS.

Not Number of Tobacco Warehouses Cause Good Prices. Buyers For New Bern Tobacco.

It is a mistaken idea that the number of tobacco warehouses in a place, regulates the price which the tobacco farmer will receive for his product.

Buyers are what makes the demand and causes the good prices for the tobacco, and the Farmers Tobacco Warehouse of New Bern, have these buyers representing the American Tobacco Co. and the Imperial Tobacco Co., besides others who will be on hand and stimulate the market prices by their purchases.

The tobacco farmer will find the New Bern market a good place to sell his tobacco, with eager buyers for his product, and good accommodations for himself and horses.

THREE HOUSES BURNED.

Destructive Fire on Ash Street. Defective Flue the Cause.

There was a destructive fire on Ash street about 11:30 yesterday morning, in which one house was entirely burned and two others were badly damaged by fire and water.

The fire started in the house of John A. Jones, No. 19, a defective flue probably being the cause. The family were away but the neighbors saved most of the household goods.

The houses of Cora Croker, at 17 Ash street and of Emanuel Jones at 21 Ash street were damaged to the extent of $35 each. The total damage will probably reach $400. They were owned by J. A Boon.

The Mayor's Court.

It is rarely that a month passes over the head of Roland Wright, colored, that he is not the principal in the violation of some city ordinance. Generally his appearance is for being drunk or disorderly but he does not confine himself entirely to that pastime in order to be arrested. Yesterday he was arrested for committing a nuisance by dumping refuse in the river.

He contested his case with garrulous anxiety but the evidence against him was conclusive and he was sent to the jail for 30 days in lieu of the fine and costs.

William Bryan, colored, was found drunk and down and was taxed fine and costs amounting to $6.35.

WHO IS HE?

Who is it that makes the Fewer-gallons; wears-longer paint?

IN MEMORIAM.

We are pained to announce the death, after brief illness, yesterday morning, of Walter Clark at his home, Pantego, N. C., in the sixty-fourth year of his age. He was for years a prominent and leading citizen of the place, beloved and believed by all; and at time of death, besides other duties, was Express agent and agent Norfolk & Southern R. R. Co. At the breaking out of the war between the States, he joined Capt. John R. Garner's Co., Washington, N. C., which became Co. I, 3rd N. C. Infantry. He was soon promoted to regimental ordnance sergeant, and then to brigade ordnance sergeant in which position he served throughout the war and was honorably discharged. At the close of the war he was happily married to Augusta E. Simmons of Thomasville, N. C., who survives him, as also several sons, James B. and Benjamin Clark of Bell Haven, Ernest Clark of Roper City, Pinckney Clark, Pantego, Herman Clark, Norfolk, and Willis Clark of Washington, N. C., also an only brother, James F. Clark of this city.

He was a consistent member of the Methodist church and one of its leading members at Pantego, N. C., and its Bath circuit. Peace to his ashes.

FLOWER FARMS

An Industrial Feature in Duplin Co, Section.

Rains Relieve the Crops. Tax Commission Work Nearly Ended. Reported Damage in Halifax. Drank Concentrated Lye.

Raleigh, July 31.—Prof. W F Massey has returned from a special trip to Duplin county, where he went to see the great flower-growing farms which are proving so profitable in that section. There are a number of these farms. On one there are 50 acres in cannas, all in bloom. On another farm there is a new variety of tuberose, known as armstrong ever-blooming. All the latter flowers are the property of a St. Louis firm. This week a car load of tuberose, gladiolus, dahia, and other varieties were shipped by one man.

The R P Richardson, Jr., tobacco company of Reidsville has obtained a charter from the State of New Jersey, the capital stock being $50,000.

Fine rains fell in this section last night and the weather observer says they were pretty widely scattered. As yet the drought is not entirely broken. It is said that south and west of here some cotton is wilting.

The State tax commission is nearing the end of its labors. It has never applied itself so earnestly to any work as to this year's assessment, and has for a month worked over time every day.

Gov. Aycock, and several members of his staff will attend the reunion of survivors at Fort Fisher.

The summer school here for teachers ended today. The enrollment there was 386, which is the largest on record in a summer school in this state. All those who attended say they desire to be present next year.

A gentleman here, who was last year in Halifax county, states that there was what he termed peonage under the direction of about a dozen farm managers all along the Roanoke river. He says he does not believe peonage now exists.

The board of managers of the four negro state Normal schools is composed of M. C. S. Noble of Chapel Hill, J. I. Foust of Greensboro, and F. L. Stephens of Raleigh.

Mamie Leach, a four year old daughter of Mr. David Leach of Davidson county, died in a hospital here, from the effects of concentrated lye, which by mistake she drank a year ago.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by all Druggists.

KIDNEY TROUBLE CURED.

General Health Greatly Improved by Pe-ru-na.

MRS. M. J. DANLEY.

Mrs. M. J. Danley, Treasurer of the Rebecca Lodge, I. O. O. F., writes from 124 First street, N., Minneapolis, Minn.: "I was afflicted for several years with kidney trouble which became quite serious and caused me considerable anxiety. *I spent hundreds of dollars trying to be cured, but nothing gave me any permanent relief until I tried Peruna. It took less than three months and only ten bottles to effect a permanent cure,* but they were worth more than as many hundred dollars to me. I am fully restored to health, know neither ache nor pain and enjoy life."—Mrs. M. J. Danley.

This experience has been repeated many times. We hear of such cases nearly every day.

Mrs. Danley had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery.

A Prominent Southern Lady's Letter.

Miss Laura Hopkins, of Washington, D. C., niece of Hon. E. O. Hopkins, one of the largest iron manufacturers of Birmingham, Ala., writes the following letter commending Peruna. She says: *"I can cheerfully recommend Peruna for indigestion and stomach trouble and as a good tonic."—Laura Hopkins.*

Peruna cures catarrh wherever located.

Peruna is a specific for the catarrhal derangements of women. Address The Peruna Medicine Co., Columbus, Ohio, for free book on catarrh written by Dr. S. B. Hartman.
