CINCINNATI, O., April 15, 1903.
J. Baum Safe & Lock Co.,
Cincinnati, Ohio.

Gentlemen:—Please enter our order for a No. 10 safe as cheap and as soon as possible.

We are now located in the Hiram Building on Main St., and are doing a good business. By the way, the thing in our old location in the Pike Building was destroyed by fire, and the only thing which was left was our iron safe which was buried up in it. We at first were of the belief that everything in the safe would be lost, as the safe was on the third floor, one of the stories and was in the hottest part of the fire, but to our surprise the contents were found to be in perfect condition as preceding the fire and could be used again if it were not that they are musty smell from the fire. We will send you one of the books as soon as possible. Enclosed, as a testimonial of what your safe will do, and we will write you a testimonial of any description you may desire, for we can not say too much of the safe that stood the fire.

Yours very truly,
THE CINCINNATI TELEGRAPH PUB. CO., L. A. Ellerson, Business Manager

P. S.—We sold the J. Baum Safe and Lock Company's Safes, one of the best safes on the market. They succeeded in winning the gold Medal at World's Fair, St. Louis, 1904. We have them in stock weighing from 475 lbs to 2,000 lbs. Write for Catalogue and Price.

SAD STORY OF DESTRUCTION CONTINUES

Outlawry Adds to the Horror of the Quake and Fire

Large Amounts of Money Pouring Into the Stricken City. Earthquake Said to Have Been Felt in Oregon.

Special to Journal.

San Francisco, April 23.—Fire broke out in the coal bunkers of the Union ferry today and is fiercely raging. These had not shown any signs of fire and it was believed they would escape but the flames have made them their prey. This presents a hard condition as it may shut out communication with Oakland. The total area of the burnt district is said by people who have surveyed it to be seven square miles.

Prominent Lady Missing.

The wife of Chief Justice Shaw was lost in the confusion following the earthquake and her friends have been unable to find any trace of her.

Tremors Still Felt

Distinct shocks of earthquake have been felt at Grants Pass, Oregon. The shocks have been accompanied by loud noises.

Murdered by Patrol

A most unaccountable and horrible affair occurred today in the murder of H. C. Tilden, a leading member of the Citizens Relief Committee. He was riding in his automobile when he was shot and killed by six members of the Citizens Patrol. The attack was without warning or reason. Three of the assailants have been arrested. His chauffeur was slightly wounded in the melee.

Funds are Increasing

Congress has appropriated another half million dollars for the victims of the fire, making a total of two and one half million dollars. The United States Treasury has deposited five million dollars in San Francisco banks since Saturday.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

Business Change at Arapahoe

Mr. J. A. Johnson has purchased the interest of his partner, Adam Bennett in the general mercantile business of Johnson and Bennett at Arapahoe. Mr. Bennett retires on account of ill health.

Dr. Pepper is sold only in bottles 5 cents.

First Strawberries

The Editor is the appreciative recipient of his first strawberries of this season from his friend Graham T. Richardson, on whose farm they were grown. They are the Heflin variety, and are beauties.

Sick headache results from a derangement of the stomach and is cured by Chamberlain's Stomach and Liver Tablets. Sold by Davis Pharmacy and F. S. Duffy

Mr W. F. Aberly Hurt

Saturday morning Mr. W. F. Aberly of the Pine Lumber Co., met with a severe accident in the company's yard on Griffith street. He was endeavoring to stop a loaded car with lumber which had been pushed up to another car. He was caught between the cars and he suffered the fracture of one rib and also of the breast bone. He is recovering rapidly.

Call for a bottle of Dr. Pepper.

Jasper

At the primary held on April 21st in the 9th township the following names were elected as the executive committee: A. E. Wadsworth chairman, John Dangherty, O. H. Perry, E. Z. R. Davis.

The following resolutions were endorsed by the meeting:

That every Democratic voter of the 9th township is appointed a delegate to the county convention held in New Bern April 27, 1906, 12 m.

We also endorse Hon. C R Thomas for Congress, Hon. D L Ward for Senator, Hon. O H Guion Judge of the Third Judicial District.

Finest print butter, 50 cents per pound. Coast Line Market.

We think that we are offering the best and most perfect working blue flame oil cooking range you ever saw. Come in and let us demonstrate it for you. Saves you all kinds of discomfort in hot weather.

FEDERAL COURT CONVENES.

The Regular Spring Tribunal Commences its Sessions

The spring term of the United States court began here yesterday with its usual formality. The changes of the personnel are confined to the marshals office and consist only in the persons of Mr. Claudius Dockery the United States Marshal, vice H. C. Dockery, and Deputy Marshal R. W. Ward. Vice John Dockery. Other deputies Messrs Mitchell and Sharp were also present. District Attorney Harry Skinner was assisted by Mr. Giles of Durham.

The grand jury was organized with Amos G. Cox, of Pitt county, foreman. Judge Purnell's charge to the grand jury was elaborate and exhaustive.

Following are the cases tried:

U. S. vs Damon Fulcher, Carteret county, forgery. Defendant submitted.

U. S. vs T. W. Brock, Onslow county, retailing liquor without payment of special tax. Verdict, not guilty.

U. S. vs W. Gaylor, Greene county, retailing liquor without the payment of special government tax.

New Bern Gave $600

The total contributions of the city of New Bern to the sufferers in San Francisco were over $600. Aside from the general subscription taken up by Mayor Patterson, the Knights Templar, Elks Lodge and the congregation of the Presbyterian church took up special collections.

In our summary of the donations we were in error as to the gift of Mr. J. A. Meadows; it should have been $50.00. Following are those who have given money since the list in Sunday paper:

Pine Lumber Co., $25; Mike Joudy, $3 00; Cash, $1 50; Cash, 50 cts; M. Hahn, $5 00; Cash, $1 00; R. F. Broadduv, $5 00; I. P. Hatch, (col.) $1 00; R W. Williamson, (col.) $2 00.

New Bern Underwriter's Agency.

Whilst at this time we have no definite news of the extent of the Company's loss at San Francisco, we know that our interest (whilst doubtless great) is yet in a comparative sense moderate, the volume of business transacted in that city, judged by premiums received, not being much above the average.

Our United States funds are doubtless quite ample to satisfy this loss without call upon our home office, but, as has been customary on like occasions in the past, arrangements are in progress to furnish the whole of the needed money from England, in order that these funds may be undisturbed.

Yours very truly,
HENRY W. EATON,
Resident Manager.
The Liverpool and London and Globe Ins. Co.

EVERYTHING USEFUL

Nothing Ever Yet Created Without a Purpose.

We all wonder why certain things were ever made, why certain animals or insects were allowed to live. And yet there is no doubt but that everything was created for some purpose, and as civilization advances, such purposes are discovered.

Cod liver oil is something that everybody knows to have been a wise provision of Providence, to be used as a medicine in all wasting diseases. Yet science has proven that the oil has no value either as a medicine or food—and while useful to the codfish only the medicinal elements which the oil contains are useful to man as a medicine. Therefore a separation must be effected.

This is exactly what has been done by two eminent French chemists. After twenty years of experimenting, they succeeded in separating the medicinal curatives from the useless oil and grease and have given to the world in a concentrated form, all of the healing strength-creating and body-building properties of cod liver oil, without oil or grease to upset the stomach and retard its work, and by this process Vinol is made.

Our druggist, Mr. F. S. Duffy, guarantees Vinol to be a pure cod liver medicine, without the oil, and not a patent medicine, and also guarantees that Vinol will create a healthy appetite, cure stomach troubles, give strength and renewed vitality to weak, sickly children and to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds, build up the convalescent, or will return every dollar paid for it." F. S. Duffy, Druggist

Fresh frankfurters at Coast Line Market.

Card of Thanks

The ladies of the library committee wish to thank Miss Annie Green for the $17.50 she so kindly gave them, as proceeds from the entertainment recently by her Friday night.

The Daughters of the American Revolution Congress elected a number of officers, and appropriated $1,500 for the California sufferers and $1,500 for a building at the Jamestown Exposition.

ANOTHER TOUCH OF WINTER.

Weather "Subject to Change Without Notice", is About the State of the Case.

The reluctance with which winter weather leaves this country is really astonishing. It seems to be tied to the earth and just naturally or unnaturally can't leave us. The hideous thing about it all is the sudden and radical changes from heat to cold. Sunday, the weather was very pleasant, although the morning was cool the temperature rose rapidly and by midday it was quite respectable. The thermometer registered 86 degrees. About seven o'clock clouds began to cover the skies and spits of lightning and mutterings of thunder warned the people that they better carry their umbrellas to church. The storm broke with great violence about 7 40 and the lightning was quite sharp. There was some hail but the storm did not continue more than thirty minutes. The hail was about the size of an egg. The amount of rainfall was .57 of an inch.

Yesterday morning the air was decidedly cooler; fires and overcoats being by no means uncomfortable. The minimum temperature was 52 The fall being 34 degrees in 14 hours, an unusual change.

There was a sharp northwest wind blowing yerterday which did not improve conditions any and made the way easy for frost. The forecast received yesterday was "fair, cold and probably frost." The truck crops will undoubtedly suffer much damage should the frost be severe.

Carolina Wins Again

Special to Journal:

Richmond, Va., April 23.—The University of North Carolina base ball team defeated the University of Virginia today by a score of 6 to 1. Batteries for Carolina: Cunningham and Rogers.

Hypertropia.

or far sight means the focusing of objects or igh behind the retina or mirror of the eye, and if it were not that nature had some means of correcting this error very bad sight would result; the brain sends out an extra amount of nervous energy to the muscles governing the focusing of the eye causing a contraction or cramping of same, which causes that dull ache neuralgia, inflamed or "pork" eyes, inability to read or use the eyes for any length of time for close work, and the muscles being in sympathy one with another the eyes are often pulled in or crossed (cross eyes) and owing to their excessive expenditure of nerve force other parts of the system is bound to suffer. A pair of scientifically fitted glasses is the only remedy.

Pleasant Hill Precinct

Chairman G. T. Richardson called meeting to order and the following resolutions were unanimously endorsed:

Resolved: That it is the sense of this primary that the Hon. O. H. Guion be endorsed by the County Convention for Judge of the 3rd Judicial District and we hereby instruct our delegates to the convention to that end.

Resolved: That we endorse the course of our democratic member of Congress Hon C R Thomas and we instruct our delegates to the County Convention to vote for a resolution of instruction for his re-nomination.

We the democrats of Pleasant Hill precinct hereby endorse Hon D L Ward for one of the Senators from this district and hereby instruct our delegates to vote for his re-nomination in the Democratic County Convention to be held in New Bern April 27, 1906.

The following delegates were elected to the County Convention: J B French, E A Lanctaster, G T Richardson, J E Hill and J T House.

J B French, E A Lancaster, G T Richardson, J L Humphrey and W S Richardson were elected township executive committee, with J B French, chairman.

Moved and carried that the proceeding of this meeting be sent to the New Bern Journal with request to publish same.

Fire Loss at Belhaven

The large saw mill plant of John Williamson at Belhaven was destroyed by fire Friday night. The mill was one of the largest in that section and employed a large number of men. The loss is consequently very severe. The loss to owners was $160,000.

The plant was one of the original Roper mills but Williamson had been proprietor for some time.

WILL THE OWNER CLAIM GOODS?

A Large Amount of Liquor Consigned to New Bern Stolen from a Freight Car.

There was a daylight burglary Sunday and some of the circumstances connected therewith will be food for reflection. The fact that the deed was committed in the daylight was not so important as the fact that the only goods stolen were such as are prohibited by law. The extent of the robbery was 82 half pints of whisky.

It is plain that the thief was acquainted with the surroundings as everything seemed to indicate that it was done expeditiously and systematically. The case was addressed to New Bern but there was no clue as to the consignee. Doubtless that party will not come forward to offer any reward for the capture of the thief as he would be laying himself open to prosecution for conducting a blind tiger.

Heavy Hail Damage crops at Norfolk

Norfolk, Va., April 22,—A severe hail storm, which covered a large part of Norfolk county late this afternoon, did immense damage to growing truck crops. In places the stones covered the ground to the depth of an inch. Strawberries, cabbage, peas and beans are now at that period in their growth when hail will do them the most damage, and many of the young plants were literally knocked to pieces. Whole fields have been practically destroyed, although the full extent of the damage will not be known for a day or two. There are sections of the county where it is known to have hailed yet to be heard from as to the extent of damage done on them. The hail stones were of no unusual size, but came down as thick as rain drops.

Beautiful women can have the best things in the world, for there is none so inhuman as to refuse anything to a pretty woman. Hollister's Rocky Mountain Tea makes beautiful women. 35 cents. For sale by F. S. Duffy.

Ran Amuck In Atlanta.

The Atlanta Constitution dated Monday April 16 contained the following story:

E. W. Watson, of Newbern, N. C. ran amuck in the terminal station early Wednesday morning and he become so wild that Patrolman Pearson locked him up.

Watson was arraigned before the recorder at the morning session of the police court yesterday. Station Officer Malone stated that he found Watson asleep on a bench and aroused him.

"The man appeared to be crazy," stated the officer. "He ran off to another bench and rapped on it. I asked him what he was doing and he replied that he was calling a bell boy. He next dashed into the restaurant, ran behind the casher's desk and closed all the windows. He said the place could not run without him and as he had to go away he would close it up."

Watson denied that he was crazy and ascribed all of his queer conduct to absent-mindedness. He said that he was on his way to Birmingham to engage in business.

"I was a retail grocer at Newbern and an alderman eight years," he said, "and on account of ill health I decided to move. I am not crazy and if permitted to do so I will continue my journey."

The recorder allowed him to go with the understanding that he leave the city on the first train that pulled out for Birmingham.

If health is wealth and money talks,
For so the proverb runs,
A fortune you may plainly see,
In taking Rocky Mountain Tea.
For Lale by F. S. Duffy.

Letter to Oaks Market.

New Bern, N. C.

Dear Sirs Porterhouse, so much; neck, so much; all the way between.

Just so with paint. Devoe lead-and-zinc is the porterhouse. Nobody wants the neck; the between, some say, is good enough for them.

But Devoe costs less, not more than between. Lead-and-oil is between; it is the old-fashion paint. But zinc has come in. Zinc toughens white lead. Devoe lead-and-zinc is the paint that wears twice as long as lead and-oil.

Mr. John N. Deitel, Fair Haven N. Y' writes:

"Mr. Charles Poffenbock, of this place painted his house three years ago with Devoe lead-and-zinc; his father painted at the same time with lead-and-oil. To-day the son's house looks as well as the day it was painted, while the father's house has all chalked off and needs painting very badly. The father says he will paint with Devoe next time."

Yours truly,
F. W. DEVOE & CO.
54 New York.

P S—E W Smallwood Sells Our Paint.

To Please the Eye.

All ladies and gentlemen interested in driving are cordially invited to call at the showroom of J. A. Jones on Broad street and inspect the most beautiful line of Summer lap robes ever on this market. By means of his display rack, one hundred robes can be examined in five minutes.
