Dr. Huylar's yacht, Edmarth, is at the O. D. wharf. It is elegantly fitted up. The Doctor speaks of letting it remain here and have a finer one built for pleasure, and one better qualified for outside service.

Edgar and Harry Waller of Lenoir county who were convicted at the last term of the U. S. District Court for illicit distilling, and sentenced to thirty days in Craven county jail, were discharged on Thanksgiving Day, having served out their term. They were truly thankful to again obtain their liberties and will endeavor to retain the same in the future.

The county commissioners will be in session today to complete the proposition with the East Carolina Land and Railway Company for an election on the question of subscribing to the capital stock of said company. The JOURNAL will show by figures between this and the election that it will be to the interest of Craven county to vote this subscription and insure the building of this road.

Steamer Movements.

The Vesper of the E. C. D. line sailed yesterday afternoon with a full cargo of cotton, lumber, naval stores, etc. The Eaglet of this line arrived yesterday afternoon with a cargo of merchandise.

An Interesting Entertainment.

The young ladies of the Episcopal Church are preparing an entertainment to be given at the theatre next Wednesday night. This simple announcement ought to satisfy the public that the entertainment will be well worth the cost of admission, for whatever these young ladies undertake they are sure to carry it to success. The program will be announced in due time.

A Railroad Suggestion

On our second page will be found an article copied from the Wilmington Star, the writer of which insists that the A. & N. C. R. and the N. C. R. should be consolidated and leased to the R. & D. for ninety nine years. The consolidation is something that ought to have been done long years ago, but it is not sound State policy to lease to a corporation that is trying to build up a terminal point in another State and has but little interest in North Carolina save and except for the purpose of controlling her carrying trade.

We endorse the views of the correspondent in regard to the State officials, appointed by partisan politicians, managing works of internal improvements, but why not consolidate the two roads and lease or sell them to the C. F. & Y. V. R., which it is said is a distinctive North Carolina road, and whose owners have large interest in North Carolina? Why not unite the A. & N. C. with the C. F. & Y. V. now, and take in the N. C. when the R. & D. lease expires? A corporation that will not encourage shipments through North Carolina ports but on the other hand do their utmost to prohibit them is not the one to which to turn over the entire railroad interest of the State.

The writer of the communication seems to feel a deep interest in North Carolina railroads. He must be a man of progressive ideas as he thinks New Berne ought not to rest until a line of railway is built from Wilmington into her wharfs.

Miss Lillie E. Rouse of La Grange is in the city visiting Miss Mary Allen.

Mr. W. P. Fife, the manufacturer of the famous 6¢ cigar, was in the city yesterday. He appears to be engaged in a healthy business.

A Chicken Thief Caught

Mr. Enoch Wadsworth, one of our most successful farmers living about four miles from the city, has been losing a number of chickens lately and was somewhat puzzled about the manner in which the thief could rob the roost and disappear so suddenly. A few days ago, however, the dogs caught the scent of the rascal and traced him to the kitchen, and were so persistent in their search around the building that Mr. Wadsworth was led to make a critical examination and found the thief concealed between the weather-boarding and ceiling. He was not arraigned before a justice for trial. Judge Lynch took charge and executed him on the spot. It was a large black mink, the slickest sort of a chicken thief.

Improved Stock

It is a pleasure to see our farmers making an effort to improve their farm stock. Every few weeks we note the arrival of some high bred animal which is taken to the farms in the country and will in a few years show marked improvement in the "scrub" stock. Last week Mr. Sam. Ipock, living a few miles from the city, received a fine, full blood Jersey calf.

All enterprising farmers like Mr. Ipock ought to favor and urge the building of the railroad from New Berne to Wilmington. With the improved stock, there ought to be an increased demand for milk, home-made butter and beef. More people in New Berne will make more consumers; more railroads will bring more people and more business. Let all march along together.

Horses, Cattle and Chickens.

For colic and grubs, for lung fever, cough or hide-bound, I gave Simmons Liver Regulator in a mash twice a day. You can recommend it to every one having stock as the best medicine known for the above complaints. In using it with my chickens, for cholera and gapes, I mix it with the dough and feed it to them once a day. By this treatment I have lost none where the Regulator was given promptly and regularly.
E. T. TAYLOR,
Agt. for Grangers of Ga.

Was He Playing 'Possum?

Deputy Sheriff Credle of Hyde county, passed through the city a few days ago with two convicts for the State penitentiary. One of them became helpless from the time he was first sentenced and had to be "toted" to the boat, when they arrived at New Berne he was carried to the police station in a wheelbarrow, and next morning he was hauled to the depot and lifted on the train, and in fact was lifted about until he arrived at the penitentiary. Here the doctor applied a remedy which caused him to spring to his feet as if infused with new life.

Surrendered to the Army

Our old friend Lewis Bynum of Mayesville, Jones county, came to the city on Thanksgiving Day and in the evening attended the services of the Salvation Army at the Theatre. The members of the army assembled and after the preliminary exercises started out with the drum for a street parade. Mr. Bynum, at the head of a few others from his section, being aroused by a return of the old war feelings when the tap of the drum brought vividly to mind "fall in," marched down the streets with them, and returned to see the services through. It is not his fault if he come to town on Thanksgiving Day. One can be a soldier there as well as at home.

Stonewall Items.

Mr. [illegible] Lupton had the misfortune to lose a good farm animal a day or two since.

J. W. Messer and W. H. Jones are making arrangements to put up a saw mill on Adams creek in Craven county.

Mrs. B. F. Mayhew's many friends were much gratified to welcome her once again. Dr. J. F. Redding and daughter, Miss Lizzie, is also on a visit to Pamlico.

Pamlico Superior Court was promptly convened on the first inst., and as promptly dispatched. Judge Graves dispensing the law and justice to the satisfaction of all interested parties. All business was disposed of by Tuesday evening and court was adjourned. Our jail delivery some short while since left the criminal docket short and of little interest. There was no case of interest to the public. The Journal was represented by C. C. Taylor, the Messenger by B. W. Cobb, the possum man as well as a paper man. The New Berne bar was well represented by Clement Manly, W. W. Clark, W. E. Clarke, L. J. Moore and P. H. Pelletier. Goldsboro by J. W. Bryan and H. F. Mayhew. Washington by G. H. Brown and Jno. Small. Aurora by Thos. Mayhew. There was no reason for clients to go without counsel.

An Anarchist Revival Threatened.

CHICAGO, Nov. 24.—According to an interview with an unnamed anarchist published here today, there is a movement afoot in the principal cities throughout the country to reorganize the followers of Spies and Parsons. The leading spirit is to be Louis Viereck, of Munich, who will be brought from Germany to America for the special purpose of assuming the direction of the undertaking.

It is stated that when the project is matured dynamite throwing will be inaugurated on a gigantic scale. Viereck was born about thirty three years ago at Berlin and is the son of the at that time celebrated German actress Viereck, of the Royal Theatre. Viereck has long been prominent as a socialist leader and as a lawyer, journalist and member of the Reichstag. His wife is an American.

"How you, brudder Ben?" "Me? Lor, sister Charity, poorly sure's you born. I is wid de rheumatiz a creepin all about same as a tame snake. Chile, buy Salvation Oil dey cure sartin."

The shorter the tunnel the sweeter the kiss, but the older the cold the harder the cure. Dr. Bull's Cough Syrup has broken many stubborn coughs.

A FAITHFUL SERVANT GONE

After a long and faithful service during which he won our esteem and respect, Frank Pool, our trusted servitor has gone to the beyond, and his passing away calling for some suitable mention of this to us sad event, we take this occasion to testify to his worth, fidelity and usefulness and can appropriately and truthfully say of him "well done, thou good and faithful servant."

A Small Riot in Pittsburg.

PITTSBURG, Nov. 24.—A riot occurred on Bedford avenue about six o'clock tonight between members of the notorious "Owl" gang and some twenty-five Italians living in the neighborhood. The "Owls" started the fight in an Italian saloon kept by Frank Pantill, and almost the entire Italian colony came to the rescue of their countrymen. Pistols, knives and stones were used promiscuously. Two men were shot twelve or fifteen others injured, but no one was killed. The rioters made their escape before the police arrived.

Mothers, you can relieve your baby of its discomfort without administering opium, that deadly drug, by using only Dr. Bull's Baby Syrup.

The confidence of "womankind" is thoroughly grounded on the efficacy of Laxador, which has proved a remedy of undoubted usefulness in their peculiar ailments. Price only 25 cents.

FOREIGN NEWS

[illegible]

PARIS, Nov. 23.—President Grevy today informed M. Marot a radical member of the Chamber of Deputies for the department of the Seine, that he had decided to resign. He said he would tomorrow ask M. Tirbot to form a ministry to superintend the meeting of the congress of the Senate and the Chamber of Deputies which will select a new President. If M. Rotesch did refuse to form a ministry he will ask M. Tirbot to do so. M. Grevy further stated that he will not quit his post before issuing an address to the country in which he will repudiate responsibility for the present state of affairs and declare that his retirement is forced by the impossibility of governing the country. He will depart from the presidency with the sincerest wishes for the future of the republic.

President Grevy has held a conference of two hours duration with MM. Ferry and Jaurès.

It is stated that during his interview with M. Marot today President Grevy was greatly affected and pleaded piteously for time. M. Marot, however, was obstinate. It is expected that M. Grevy will do this. The message will probably be read in the Chamber tomorrow.

A sensation was caused in the lobbies of the Chamber of Deputies when it was learned that M. Grevy had resigned. The greatest excitement prevailed. Groups of members of the Chamber of Deputies were formed in the lobbies and corridors, and the news was discussed with the greatest excitement. Many members of the Chamber of Deputies were in tears. The greatest sympathy was expressed for the President. If M. Rotesch did refuse to form a ministry, he will ask M. Tirbot to do so. M. Grevy further stated that he will not quit his post before issuing an address to the country in which he will repudiate responsibility for the present state of affairs and declare that his retirement is forced by the impossibility of governing the country.
