One Third of Farmers Endorse It

About 2,000,000 farmers in the United States, or practically one-third of the entire number, heartily endorse the Watkins Way of merchandizing, for they know they can get better goods and more of them for the same money from the Watkins salesman, than they can elsewhere, and they are delivered right at their door. Besides vastly benefiting their customers, Watkins salesmen make a good thing out of it for themselves. Right now we need a active, energetic young salesman in Martin County.—Address, The J. R. Watkins Company, 113 South Gay Street, Baltimore, Maryland. Established 1868. Capital over $2,000,000. Plant contains 10 acres floor space.
