Rupture

EXPERT HERE

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Proctor Hotel, and will remain in Greenville Wednesday only, April 21st. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effect immediately appreciable and withstanding any strain or position, no matter the size or location. Large or difficult cases or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions.

CAUTION—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

N. B.—Every statement in this notice has been verified before the Federal and State courts.—F. H. Seeley. Home Office, 117 N. Dearborn St., Chicago

P. S.—Fraud arning—Many complaints have reached me from dissatisfied purchasers that certain parties have been traveling about under misrepresentations—imitating my ads and claiming to be associated with me or my establishment. Substituting an inferior imitation for my goods and improperly fitted, all of which is false and fraudulent and an imposition on the purchaser.

YOU CAN'T FIGURE

out your chances on the blackboard of fate, because years ago fools used to blow out the gas—now they step on it, and here's about as good a recipe for a first-class tragedy as anyone could ask for: One natural-born fool; a couple drinks of moonshine; some kind of an automobile; directions: soak the fool in the moonshine, place him in the car and let him go; after due time remove from the wreckage, place in a satin-lined box and garnish with flowers. If you really must step on the gas, be sure to head in the direction of our yards, where coal is now being offered at a sacrifice. This does not mean a sacrifice of quality, but simply indicates a spring advent sale of Lindsley-Lilley Ice Co.'s coal.
