THE Jefferson Davis monument will be erected in Richmond, Va., and the corner stone will be laid in May, 1893.

THE old time Democrats of Cumberland county who have heretofore joined the Third party are coming back in goodly numbers.

MR. ELIAS CARR is entitled to the vote of every Alliance man in the State. He has been endorsed by the Alliance again and again, to vote against him would show a retrogression on the part of alliance men.

ON Thursday some one sent to Governor Flower an infernal machine loaded with giant powder. The package was turned over to the police before opened and the detectives are now working up the case.

GENS. Weaver and Field issue an address to the Southern people in which they say many absurd things, among others that they believe that a majority of the white people of the South favor the Third party.

DON'T throw a towel over the gas bracket carelessly and then go to sleep without waiting to see what happens. A man in Newark's accidently turned on the gas in this way and was nearly suffocated.

THERE was a circus in Charlotte the day Stevenson spoke there. The circus people had the good sense not to show while the Democrats were exhibiting So they put their band wagon in the Democratic procession, and had their performance later.

GOOD news comes in every day from our friends in all parts of Craven with regard to Democratic prospects. The few who were inclined to wander from the fold are beginning to see what a mistake they would make.

THE Hamburg people complain of the want of sympathy from the balance of the people of Germany they have experienced during the epidemic. Some of the Hamburg papers go so far as to advocate boycotting the towns and watering places that closed their doors to Hamburg refugees.

IN several of the Western States there is confusion in the Republican ranks over instructions from the National Committee of the party to sacrifice local candidates in order to save the electoral ticket. Wisconsin, Illinois, Indiana, Kansas, Nebraska and South Dakota are especial objects of solicitude, and in these six States trading and bargaining for Harrison and Reid will be a part of the Republican programme from this time forth. It was not thus that the Grand Old Party was wont to carry elections; but the times have changed, and the voters have changed with them.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Howard.
I. H. Smith—Loan department.
C. E. Slover—Mountain apples.

Threatening weather today and rain. Cooler on upper coast.

Three cases of horse stealing have occurred around Tarboro recently.

All the railroads centering at Goldsboro give very low rates tomorrow so that all may hear the address of Gen. Stevenson who wish to.

The notice of the True Issue which the National Democrat gave caused an order for it to come from a Vermont manufacturer who appreciates good Democratic doctrine.

Mrs. Chas. Billings, the wife of a mountaineer of Ashe county, this State, has just given birth to six children, all alive. They weigh from four and a half to nine pounds each.

Mr. C. R. Thomas will address the Cleveland and Carr Club tonight. Another feature of the occasion will be a flag presentation. Gen. C. A. Battle will make the presentation speech and Dr. Jno. S. Long will receive the flag in behalf of the club.

One case of cholera is reported at New Brunswick, N. J., and a suspicious case is carefully guarded at Baltimore. No further developments come from New York, though a few yellow flags are still flying. A still further improvements is noted in Europe.

The boy printers at the Oxford Orphan Asylum have just finished the minutes of the third annual convention of the King's Daughters of the State and are now at work on the minutes of the Woman's Christian Missionary Society.

Remember that for the small sum of $1.00 you can go to Goldsboro tomorrow and return, and that you will have full opportunity to hear the address of our candidate for Vice-President, Hon. Adlai Stevenson. Gen. Ewing, of Iowa, a very fine orator will also speak on the occasion.

Our Hebrew citizens will close their places of business Thursday and Friday on account of their new year. Rev. I. Pearl, of Goldsboro, N. C., arrived last night and will conduct new year services at the Masonic hall, commencing this evening at 6 o'clock, and will have services Thursday and Friday.

The stockholders of the A. & N. C. R. R. hold their annual meeting at Morehead tomorrow. There will be no special train for them, but they will be passed down free on the regular mail and passenger train tonight and return also by the regular train in accordance with a list of stockholders in the hands of the conductor.

Good progress has been made on the electric fire alarm system which is being put up in the city. The last poles needed have arrived and been erected and a considerable portion of the wires have been run. Mr. B. F. Brickall, of New York, a representative of the company, arrived last night and will remain until the work is completed and everything working satisfactorily. He is stopping at Hotel Albert.

Mr. Jas. F. Taylor's last buildings on the "made ground" at the market are nearly finished and carpenters are now engaged in building an eight-foot platform at the lower end and back part of them. This connects with the eighteen-foot wharf which runs the whole length of the buildings in front, thus giving a continuous passage-way around Mr. Taylor's entire block which is 200 feet in length.

Rev. I. L. Chestnutt received a telegram yesterday morning to the effect that his four year old son Lynn is extremely ill at his grandmother's, Mrs. S. R. Dixon, of Greene county, whom he has been visiting. In consequence of this bad news Mr. and Mrs. Chestnutt left at once on the morning train for his bedside. The many friends of the family unite in wishing a speedy restoration to health of the little fellow.

Coming and Going.

Miss Barbara Adams, of Raleigh, who has been visiting Misses Mamie and Emma Gaskill, left yesterday morning for her home.

Major D. T. Carraway, who has been spending the summer at Black Mountain, returned home last night.

Messrs. M. H. and Wm. Sultan returned from Northern business trips.

The State's Directors.

We learn from the Raleigh Chronicle that the Governor has appointed the following directors of the Atlantic & North Carolina railroad for a term of one year, by and with the consent of the board of internal improvements: W. S. Chadwick, Carteret; J. W. Grainger, Lenoir; W. L. Kennedy, Lenoir; Charles Dewey, Wayne; W. F. Caho, Pamlico; T. D. Webb, Carteret; A. G. Brinson, Craven; L. H. Cutler, Craven. State proxy, Joseph E. Robinson, Wayne.

This is a reappointment of the ones now filling the positions.

Attacked by Dogs.

A small colored boy named —— Agostine was thrown down by two dogs and bitten Monday on Pollock street. Through the interference of bystanders the dogs were driven off before any harm was done. One of the same dogs previous to this has bitten a child.

We have repeatedly called attention to the outrageous nuisance that the dogs of New Berne have become. If any dog attacks any one on the street that dog ought to be killed as soon as anybody can kill him, and dangerous dogs should not be allowed inside the city limits under any circumstances, not even if kept confined on their owner's lots.

Our Next Vice-President.

Gen. Stevenson was greeted with the largest crowd at Winston that has met him anywhere. The city was wild with excitement. There were 16,000 men in the procession 600 mounted. There were also 700 grecks and school children in the procession. This was the prettiest feature of it. Gen. Stevenson reviewed the procession. It was thirty minutes in passing. In his speech he paid it the compliment of saying that it was the largest that had ever greeted him and was one of the largest he had ever seen.

Gen. Stevenson will be at Wilmington today. Grand arrangements have been made for his reception there.

Tomorrow he will speak at Goldsboro. That is the time for all our people to hear him.

A Former Experience of Norfolk's.

To show the great trouble that may arise from the lack of precaution in dealing with contagious diseases we give the disastrous experience that Norfolk once had in being visited by a very destructive epidemic owing simply to a slight relaxation of vigilance. Our townsman, Rev. J. F. Butt was at that time a resident of Norfolk.

The epidemic began early in July in the year 1855. The origin of the disease was this: The steamer Ben Franklin which had had yellow fever aboard was permitted after having been at quarantine a number of days to go up to a Portsmouth dock for some repairs to be made, provided that her hold should not be opened while there. Though the instructions were carried out, bilge water was pumped overboard while there and this mingling, in with the chips of the ship-yard spread the disease among the workmen and in a remarkably short time it was in every part of the city in a terribly fatal form. We have been told that the deaths reached into the thousands, that some families were entirely destroyed not one of their number having survived—and that only two families in the place escaped entirely. Such a lesson as that is not easily forgotten by the inhabitants of the city that passed through the ordeal.

The Orphan's Friend tells that the Oxford Orphan Asylum has just received an application for the admittance of an infant girl eight months old. The asylum does not receive any inmates at such a tender age, consequently the superintendent announces that if one wishes to adopt the little one he will furnish the address.

Bergman, the anarchist, who shot President Frick of the Carnegie Company, was convicted Monday on five charges of felonious assault and of entering the building with felonious intent, and on these charges he was sentenced to the penitentiary for twenty-one years. He was also convicted of carrying concealed weapons, and on that charge he was sentenced to the work-house for one year.

Tomorrow is the day for Hon. Adlai Stevenson and General Ewing to speak at Goldsboro. There will doubtless be a tremendous crowd there to hear him. The executive committee of the Goldsboro Cleveland and Carr Club, being desirous to welcome the illustrious speakers in a becoming manner, extend an invitation to everybody, ladies and gentlemen, and earnestly request that as many members of each club as can possibly do so, will be in the procession on horseback. The procession will be formed as soon as possible after ten o'clock. Mr. Henry Lee is chief marshal of the occasion. There are one hundred assistant marshals.

OYSTER COMMISSIONER TRIAL.

The Course of Chief Lucas Endorsed by the Vandemere Democratic Club.

The Vandemere Cleveland and Carr Club at their regular meeting on Sept. 14th, [illegible] after hearing the charges brought against Commissioner Lucas by parties who are using every effort to deprive the oystermen of their rights and succeeding by any means even by hiring and enrolling as oyster detectives men of the lowest character in Pamlico county, as is shown in the case against Lucas, by the best citizens in the county it is urged by men in the name of Democracy, for this section of our county and for peace and order to hold up our honest commissioner from the false conspirators and combines to impoverish our farmers and poor people and to bring about a state of affairs we deplore.

This is a [illegible] we feel that the common people [illegible] Shell Fish Commission [illegible] worst calamity that can befall [illegible] believe him to be one of the most [illegible] ward officers [illegible] of people.

The above was unanimously adopted and it was [illegible] Gov. Holt, State Chairman, Falcon and Neal [illegible] request to publish same.

The Methodist Schools.

Trinity College has opened nicely. At last reports there were about 165 boys entered and others coming in. The probability is that 200 will be matriculated this session. This will be good for the first session in the new buildings.

Greensboro Female College has opened with about 100 pupils and others are yet coming in. This noble old institution is enshrined in the affections of North Carolina Methodists and ought to be kept full to overflowing all the time.

Trinity High School, at old Trinity, had enrolled 44 pupils on the fourth day after its opening, so we learn. The Head Master writes us that this was better than he expected and that he proposes to go right ahead and make one of the best preparatory schools in the State. Prof. Gannaway, Prof. W. U. McDowell and Miss Nettie Marion are the assistant teachers. Great success to old Trinity. Christian Advocate.

ISAAC H. SMITH, State Agent,
New Berne, N. C.

DEAR SIR:—The application of Sylvester S. Bryan for loan of $400 was received by us on the 14th and was brought before a special meeting of the Board yesterday and granted. Please see that his abstract of title is perfected and forwarded at once, and as soon as received, if abstract is found perfect, papers will at once be made out and forwarded for execution. If this is not quick work on our part, what is it? Yours very truly,
A. H. HUBBS,
Manager of Loan Department.

Note of Warning.

TO THE PUBLIC:

A matter of grave consequence and [illegible] has [illegible] Dr. Leslie E. Keeley's Double Chloride of Gold Remedies for the cure of the Liquor, Opium, Morphine and Tobacco Habits, and Neurasthenia, we warn the public that these remedies are [illegible] except those established [illegible] under the uniform name of The Keeley Institute.

We object to imposing on our remedies as being old and impostors.

We have no connection with Keeley Institutes established in various parts of the United States where the Keeley Treatment is administered and the Keeley Remedies sold. We, however, caution all to examine well and know that they are dealing with GENUINE REPRESENTATIVES, authorized by us, before taking treatment or purchasing remedies.

The misleading establishments use the name of "Bichloride of Gold" or similar titles. The newspapers often fail to discriminate sufficiently to know that they are imposters. This is a matter of public welfare, and hence this warning.

Respectfully yours,
The Leslie E. Keeley Co.
July 1st, 1892—Dwight, Ill.

THE KEELEY INSTITUTE, at Greensboro, N. C., is the only one in this State and all representations that there is in the State any cure that is identical with or the same as the Keeley Double Chloride of Gold Cure are malicious, false and made for the purpose of deceiving. We learn with indignant regret that such claim is being made, and feeling that if it be hurtful to us it will prove even more disastrous to those who are deceived thereby, we sound this note of warning.
