### Apologies

President Peggy Gartner of the Hebrew Academy is sorry that the Passover order form was received by you shortly before the order was due. The letters were delivered in bulk to the post office in sufficient time but they inadvertently failed to separate them out for mailing until she called asking about them.

If you received last month's issue late it was not our fault! Seems that we are still finding that our mail is not being distributed for delivery by the individual post offices. Why this is a recurrent "nightmare" is still under investigation — we even used a professional mailing service last month. Hope this issue arrived on time!

In last month's issue on the allocations pages, the following dollar amounts "vanished". For your information the Hebrew Academy is allocated \$37,300 and the Contingency Fund, \$4,396.
