Charlotte Highs Lick Shelby; Huffman Good

Punting And Passing Of "Bear" Best Feature Of Shelby's 47-0 Defeat.

(Charlotte Observer.)

The Charlotte high Wildcats trotted out a quartet of flashy backfield men and powerful reserves in running roughshod to a 47-0 victory over Shelby in the first game of the season, Friday at the high stadium before a crowd of around 1,500 people.

The Wildcats surprised their followers and coaches with an extraordinary punch, scoring on the scrappy Shelby club almost at will, save in the second period, racking up seven touchdowns while their own goal was never threatened.

Stocky Bill Haynes, freshman playing his first game, and Charlie Gadd, the powerful quarter, led the way in the first three period and Henry Westerfield and Carl Newman, ran wild in the fourth, when Coach Walter Skidmore sent his first team to the showers.

Only beautiful punting and fine passing by Hubert Huffman, Shelby fullback, kept the game from being turned into a complete rout.

Two Early Scores.

Charlotte scored twice in the first period. Dallas Morris took the kick-off and ran it back to 30 yard line. Gadd got 12 yards around right end. Morris added 14 on a reverse off left tackle, placing the ball on Shelby's 42 yard line.

Gadd then passed to Bucky Brady on the goal line but he fumbled when tackled and the pass was ruled incomplete. Huffman punted out but Gadd and Morris made first down on Shelby's 34 yard stripe and Haynes pulled the first of his seven pretty runs, going 21 yards around right end and Gadd bucked the ball over in two tries for the first score. Morris placed kicked the point. He kicked each of the four he tried before leaving the game.

Gadd intercepted a pass right after the next kickoff and Haynes went around right end, this time for 27 yards to Shelby's seven yard marker. He and Gadd bucked the ball over in three plays. Morris again scored the extra point

Defense Better.

In the second quarter Shelby's defense tightened and they took the ball in Central's territory when Morris fumbled Huffman's long punt at midfield. Shelby was penalized for being offside and the threat ended when Huffman was forced to punt. The half ended with the score 14 to 0.

Charlotte scored in five plays in the second half. Morris scoring after a 23 yard run by Gadd and two for 18 and 13, by Haynes.

The last score by the first team came late in the third period when Gadd uncorked two 25 yard runs over left tackle, the second bringing the touchdowns.

The second stringers gave the crowd a series of thrills in scoring 19 points in a few minutes before the close of the game. Henry Westerfield, who last year tripped 80 yards against Shelby, pulled the longest gain of the day when he took a punt on his 15 yard line and twisted his way across the goal.

Newman and Goat Hatcher accounted for the first tally in this period, traveling 70 yards on six plays, Hatcher scoring.

Frank Shoupe intercepted a pass in mid-field and returned it 30 yards to the 15 yard line, from where Newman scored standing up around left end for the final score.

The game ended just after the last kick-off with Shelby in possession of the ball on the 50-yard line.

For Reading Purposes Only.

Most doctors are reasonable in their charges. A year or so ago, Dr. Cutter operated on a drunk patient who had tried to run his Ford on one-part gas and two-parts corn juice, and thru mistake—he amputated the wrong leg. But just as soon as he found out his mistake he removed the right leg without remuneration.

Cotton Letter.

New York, Sept. 26.—In sympathy with the efforts made by the various legislatures duly assembled at $10.00 per head per day—to control cotton acreage for 19 and 32, July futures broke 25 points, and the farm board said—"I told you so." Cotton is so low in South Georgia that the boll weevils won't fool with it and have shifted to turnips, however—the red spider is still red. Some Texas farmers contend that they can still buy 4 gallons of whiskey with one bale of cotton, and that is all they could do last year. Wall street and the Russian 5-Year Plan were quiet today. We advise holding till your "holt" breaks, then grab a new one.

We have noted only minor changes in the wearing aparel of "mi-lady" for this fall. Skirts seem to be just the least bit thinner and possibly one-fourth of an inch shorter. They will of course wear abbut the same quantity of underclothes, where necessary, but the colors prevailing in such garments lean strongly toward pale pink and light green. Corsets that start below the hips and stop before they reach above them are being featured for women suffering from obesity or promiscous fatness. The hats are all alike and about the size of cotton they cost about $9.98 when made of wool or rabbit fur.

If the railroads succeed in getting a 15-per cent advance on their already present war-time freight rates, they can reduce their expenses, materially, for instance: the engineer can be the fireman, conductor, baggage master, porter and superintendent of roadway. He can run his engine a few miles, then stop and fire up, and check up the freight (1 crate of tombstones and 2 sacks of cement), and then get back in and go on into town. No railroad agents or switching engines will be necessary, as the trucks will handle all of the freight that carries anything like paying revenue.

There is much rumbling beneath the political horizon. Everybody is mad. Our cities, states, counties and school districts are head-over-heels in debt. Extravagance and waste continue with uninterrupted perfection. Tax money is dished out for just any old purpose. Some thinking men say that the only thing to do is to sweep out, clean up, and start start over. But that would break up thousands of happy families. All of the pile that is distributed in most states is distributed among less than 25 families. It is an inter-locking machine.

community week in flat rock.

community week was hell in flat rock last week and it lasted 4 days, and a good time was enjoyed by all pressent, this is the secont annie versary of the "falt rock community club" which not only has members in our own little town, but a great manny men and women belong to same from its environments

miss tessie tyler was the winner in the apple jelly contest. she is a member of the h-4 club and allso lays eggs by the dozen for sail and she showed off some might pretty buff orphan chickens, all of which proves that she is the kind of girl that will make some man a good wife, but she has never had manny love affairs onner count of a bad hair-lip, but this gives her more time to make jelly and raise chickens ansoforth.

the prize for the best jar of cucumber pickles went to mrs. minnie green, and she used a reseat handed down from her gramma which calls for spice and clothes and a few onions, her pickles certainly did look good, her prize was a nice blue ribbon, and so was miss tessie's prize for the best tumbler of jelly. mrs. oma hart got favor mention by the jurges for her blackberry preserves, but as the club had only 2 ribbons to give away, she got mad and withdrawed from same with her jar.

sevral songs was sung by the quire from rehober church and they had the organ on the flat-form bro. smith made a talk on "the community spirit" and said no town is fitten to live in that don't pull together, he complimented the ladies on their jelly and pickles a right smart, he remainded his hearers of the need cessity of allso lay ing up treasures in heaven as well as in the pantry and begged them not to forget their church vows for something to eat.

yore corry spondent, mr. mike Clarke, rfd. then made a beautiful speech on the progress of the world and the other mobeel and he told the crowd that they had taken all of the monney out of the south and left er in the hands of bankruptcy, he said that rumble seats had ruint more young folks than all the horses and buggies that ever existed, he looked for harder times onner count of noboddy could get holt to anny monney except the folks working for the publick. mr editor, i will rite or foam you the ballance of this peace next week.

yores trulie,
mike Clark, rfd.
