Without Mom, where would any of us be?

Think about it. We all have good reason to say, "Thanks, Mom. We appreciate what you've done for us."

For without mothers who'd have changed our messy diapers at 4 am and then nursed us until our bellies were full? Without mothers who'd have wiped our dirty noses and then gone to the drug store to ask the Pharmacist what was good for runny noses? Who'd have attended our little scrapes and bruises? Who'd have baked all those birthday cakes and fed us home cook'n and given us milk and cookies when we got back from school?

Who would have? Indeed, without Mom where would *any* of us be?

We're dedicated to maintaining only the highest standards of family health care.
