## A New Course In Color Analysis: "Color Charisma"

The JCC is pleased to offer a color analysis workshop by specialist Jean Meyer. You will be able to choose from one of two workshops to be held on Wednesday, April 17 from 7-9 p.m. or on Thursday, April 25 from 1-3 p.m.

Jean recently completed her training at the Color Charisma Center in Atlanta, Georgia. This qualifies her as a member of the National Associates of

Color Communication. Formerly with the Villager and Revlon, New York City, Jean has a background in art and apparel.

Color analysis by Color Charisma is a system of identifying those colors that will most enhance your individual appearance. The colors with which we surround ourselves play a powerful role in our lives. Colors can cause

changes in our moods, our feelings, our behavior and even our health.

Shopping for clothes can be far less difficult and time consuming (and a lot more fun) when you know which colors are right for you and which to avoid. Color analysis also helps you avoid costly wardrobe mistakes.

Cost for this workshop is \$40 for members and \$55 for

non-members. For more information and to register, please call the JCC at 366-0357. The deadline for registration is April 12.
