OUTLINED PLANS.

Farmers' State Alliance on Matters State Policy.

Memorial Arch For R. S. Pullen. Six Visiting Companies at Unveiling Next Week. Much Needed Rain Fell. Great Eastern R. R.

RALEIGH, N. C., August 17.—The Hillsboro Milling and Manufacturing Company, with a capital stock of $10,000 was incorporated yesterday.

The Chamber of Commerce will take steps to have an arch erected in Pullen Park in memory of Mr. R. S. Pullen who gave the grounds to the city and did much to beautify them before he died.

Mr. H. W. Bissing of Baltimore is here looking into the plans for establishing a $100,000 brewery here. The city is asked to contribute $25,000

The Congressional fight has begun in this, the 4th district in earnest. Neither Democratic county chairman Armistead Jones and Insurance Commissioner J. R. Young are in the race. Many Democrats favor Atwater, who was sent to Congress as a Populist.

The Wilmington Light Infantry and the New Berne Naval Reserves will attend the Vance Statue ceremonies. That makes six visiting companies. It is hoped that the Governors of Virginia, Tennessee and South Carolina will also attend.

Secretary of State Thompson who was the Populist nominee for Governor will in a few days tell where he stands on National politics. He is pretty sure to be for Bryan, though not so strong as is Senator Butler. Not a Populist in the State is known to be a Stevenson man.

President Winston of the Agricultural and Mechanical College has letters of praise from many of the college graduates. Two have responsible positions in Charlotte, four in Wilmington, and one with an Electrical Co., in Schnectady, N. Y.

The fourteenth annual meeting of the N. C. Farmers Alliance closed yesterday in Hillsboro. It was better attended than it has been for ten years. After paying all expenses the balance in the treasury was $1,800 over that of last year.

The sentiment of the Alliance as to matters of State policy are embodied in the following:

"Whereas, the North Carolina Farmers' State Alliance has been from the time of its foundation the earnest friend of education, and whereas there is now imperative necessity for greater school advantages within the borders of North Carolina than ever before. Now be it

Resolved. That the Legislature of North Carolina be and hereby is, petitioned.

1st. To levy a special tax under Article 9, sec, 3, of the State Constitution. sufficient to run our public schools for four months, and that in addition the special appropriation of $100,000 be continued.

2. To appropriate a sum sufficient for the support of the State University, the Agricultural and Mechanical College, and the State Normal and Industrial College upon a permanent basis, such appropriation to enable free tuition in those institutions to be offered to every white student in North Carolina.

3. To enact such laws as will compel the attendance of all children, between the ages of 7 and 15 upon the public schools.

4. To prohibit the employment of children of immature age in manufacturing industries.

5. To establish reformatories for young criminals."

A resolution regarding the death of Governor Elias Carr was passed. Governor Carr at one time was president of the Alliance. The following are the officers for the next year:

President—W. A. Graham.
Vice- President—J. T. Paschal.
Secretary-Treasurer—T. B. Parker.
Lecturer—J. C. Bain.
Assistant Lecturer—J. M. Mitchell.

Members of Executive Committee—Prof. John Graham and Mr. J. W. Denmark.

A severe wind storm followed by a thunderstorm passed over this section of the State last night night. The storm raged for three and a half hours. It was a God send for the drought was fearful. Had not rain fallen before the 22nd the unveiling of the Vance statue would have been a failure so far as a crowd went, for people could not have ventured out in such heat.

The Governor yesterday honored the requisition of the Governor of South Carolina for the return of Baylus Lyles to the South Carolina authorities.

An Important change in the Great Eastern R. R. Co., has been made. This company was recently incorporated here, but the plans for the road being changed the promoters today re-incorporate so as to build, maintain and operate a road from Raleigh east to Hyde county and the coast. The road is incorporated for 60 years with a capital stock of $2,000,000. The largest stockholder is J. W. Lynche of Kinston. The road runs through Wake, Johnston, Wayne, Greene Pitt, Beaufort and Hyde counties and the length of the road will be 150 miles.

CASTORIA.

Bears the Signature of Chas. H. Fletcher

JOHN J. INGALLS DEAD.

The Kansas Statesman Expires in New Mexico. Senator For Three Terms.

EAST LAS VEGAS, N. M., August 16.—Ex-Senator John J. Ingalls, of Kansas, died here today at 2:30 a. m. His wife and his son, Sheffield Ingalls, were at his bedside.

Mr. Ingalls' illness dated from November, 1899, when he arrived in Kansas from a lecture tour for the purpose of taking part in the campaign of that year. Shortly after he arrived he was taken with a severe attack of the grip, which was followed by bronchial troubles.

Even after becoming sick Mr. Ingalls worked steadily writing political articles for newspapers throughout the country. He was treated by several specialists, but received no relief, and on their advice returned with his family to Atchison. At home he grew no better. Ten months ago he sought another change in climate, traveling through New Mexico and Arizona. He was still able to write occasionally for the newspapers.

From time to time reports of the ex-Senator's serious illness were circulated, but were invariably denied by him. He did not consider his case hopeless by any means and only two months ago planned to return to Atchison. After a consultation of physicians he decided, however, to remain in New Mexico. Mrs. Ingalls recently went to Las Vegas. On August 14 she telegraphed her sons Ellsworth and Sheffield, that their father was sinking. They arrived in time to see him before he died.

Low Rates of Fare.

To the unveiling of a monument to Vance at Raleigh, N. C., August 22.

ENTERED PEKIN.

Allies Take Chinese Capitol On Wednesday, 15th.

Word of Capture Heliographed to Tung Chow. Shanghai Situation Disturbs England. Fears of International Complications.

Special to Journal.

WASHINGTON, Aug. 17.—A Shanghai special says the allies entered Pekin, on Wednesday, 15th inst. Eight guns were captured.

The German Guards on the Pekin wall heliographed the allies at Tung Chow, the news of the entrance into the city.

There were 10,000 of the Imperial Guards inside, and 15,000 of the forces outside of Pekin.

LONDON, August 16.—The situation at Shanghai largely absorbs British attention. The Times publishes a dispatch from that city, dated Wednesday which says:

"Admiral Seymour, through the Consul-General, has instructions that the troops which it was intended to land here shall proceed north. This will be done August 16 unless the order is countermanded in the interval by the Foreign Office. The final decision of the latter is awaited. The principal British banks and shipping firms have telegraphed to Lord Salisbury that the Government's decision to send the troops north will have a disastrous effect and urging the Government to reconsider the question. The foreign consuls are equally alive to the results of such action on the Chinese and are addressing an identical note to their governments with the object of inducing the British to land troops."

France has 1,100 troops on board the transport Cochar, which arrived at Hongkong Wednesday, convoyed by the French cruiser Friant. These troops, the French Consul at Shanghai informed the other consuls there, would be landed at Shanghai if the British persisted in landing troops.

A news agency dispatch from Shanghai, dated Tuesday, represents the United States Consul-General John Goodnow as joining with the French and German Consuls in opposing the British plans.

The British Foreign Office officials decline to enter into the reasons for not landing troops at Shanghai, but the Foreign Office is credited with being unwilling to persist in any course not approved by the other powers. The Foreign Office is expected to make some explanation later,

BERLIN, Aug. 16.—A semi-official dispatch from Shanghai, dated Wednesday, says:

"The foreign consuls, acting on a joint resolution, have sent to their respective governments the following cablegram:

"'If the Indian troops are withdrawn from Wu Sung it will constitute a menace to the safety of Shanghai. These troops ought to be landed on the basis of an international understanding. To insure the adequate safety of Shanghai more troops ought to be landed immediately.'"

WASHINGTON, Aug. 16.—Consul-General Goodnow has not sent a copy of the resolution said to have been agreed upon by the consuls at Shanghai. His reports are somewhat analagous, however, in advising that any action should be of an international character. Wu Sung, referred to in the Berlin dispatch, is near the city of Shanghai and occupies about the same relation to it as Coney Island does to New York city. In connection with the foreign differances arising at Shanghai it may be significant that the cruiser New Orleans sailed yesterday from Cavite for Wu Sung.

The quicker you stop a cough or cold the less danger there will be of fatal lung trouble. One Minute Cough Cure is the only harmless remedy that gives immediate results. You will like it. F. S. Duffy.

In addition to the large and complete stock of Bicycles and Sundries, I am carrying a full and varied stock of Guns Revolvers, Loaded Shells, &c.

I will guarantee to save you money on any make of Gun, and will sell other goods in this line on very close margin. Give me a call.
