Letter To Editor

August 26, 1966

Dear Mr. Harmon,

I would appreciate greatly your printing this as I can think of no other way to reach the many wonderful nurses and doctors who have treated us with such kindness in the past few months.

After being transferred to Kings Mountain from our home in New Orleans, La., we found the change rather startling in itself.

For seven months I was in and out of the local hospital and spent much time in the office of Drs. Hendricks, Durham and Lee. All the people who have put up such a cry and hue about the inferior treatment offered by the old reliable "G.P." have obviously never been treated by this group of doctors. As for the office staff, there simply are no proper words to describe the kindness that has been shown us by all of them. After seven long, sick months, I delivered a little premature girl, weighing 1 lb., 15-oz. She has done well, so far, after forty-seven days and I firmly believe that this is due, not only to the care of excellent doctors, but the loving care given her by the nurses of Kings Mountain Hospital. I am convinced in my heart that, nowhere in the world does there exist such a group of wonderful, kind and competent nurses. From my heart, I thank them all, and as for the nurses who staff the nursery, the tender loving care given to this little baby touches me as nothing ever has before. You have no idea what it means to a mother to see her baby cared for with love, a rare commodity in this day and age. I would like to thank each and everyone for the love given and the many prayers offered up in her behalf.

As for myself and my husband, I'm sure they have no idea how much the smiles and compassion that they have shown us, even as we are outsiders, have helped us through this long and difficult vigil.

At 2 lbs, 7 ozs., there is still danger, we live with this knowledge, but as God has seen fit to place her life in the hands of such wonderful doctors and nurses, one feels that he means for our baby to live.

To sum it up, in our darkest hours, we discovered anew, that there are indeed people such as these, who perform their duties with love and understanding.

Sincerely,
Mrs. L. A. Ziech
1005 Brookwood Rd.

The Editor:

For a number of years a familiar figure on the streets of Kings Mountain was in my memory at first a boy with a smile that was an inspiration.

When only a small boy he made many people happy by always trying to do his best to be cheerful

From year to year he grew more helpful by what was an extra effort to please.

On occasion when, I, a friend, would call hello across the street he knowing my voice, would answer in his way of showing interest and delight.

I'm quite sure that James O'Farrell from the days as a little boy until he was more than two score years brought more joy and happiness to more people than many of us have.

When we think of him as a messenger of joy and happiness, even though handicapped as he was, all of us everywhere should make the best of every day.
