IMPERIAL SUMMONS

For Russian Mobilization of Army and Naval Reserves.

Reported Evacuation of Port Arthur to Take Place. Quiet at Vladivostock. Japanese Loss Reported From Russian Source.

Special to Journal.

St Petersburg, Mch 4.—The Russian Port Arthur fleet is preparing to make a decisive move under Admiral Makaroff. The torpedo boats will play an important part. An Imperial summons has been issued for the reserve men, military and naval, for six weeks training, for the entire Russian army mobilization.

London, Mch 4—It is rumored that the Russians contemplate an early retreat from Port Arthur and the Liaotung Peninsula. Kuropatkin and Alexieff will have their headquarters at Mukden. This move might be made as a strategic one to compel the Japanese to fight inland away from their base of supplies.

Six Japanese cruisers are reported as sighted off Cheefoo, escorting ten transports going towards North Saddle Bay.

Vladivostok, March 4.—All quiet in this section. No Japanese ships seen since February 25th when ten were sighted. Ice in the harbor is still thick and the cold severe. Inhabitants are fast leaving for interior points.

Paris, March 4.—A St Petersburg dispatch says since February 25th, the Japanese fleet at Port Arthur has lost six cruisers and five torpedo boat destroyers.

Tokio, March 4.—An unsuccessful attempt was made to kill the Corean Minister who signed the protocol with Japan.

OYSTERS SCARCE.

Severity of weather makes Big Shortage in Catch.

Raleigh, N C. March. 4th—Chief clerk Hudson, of the State Auditor's office has a letter from shell fish commissioner, William H Webb, of Morehead city in which the latter says that the unprecedented severity of the winter has brought about a remarkable scarcity of oysters, and that the take is 200,000 bushels short of last year's catch, to this date.

Of course this shortage will affect the revenue, which last year amounted to $18,206. The weather has been almost uniformly cold, so cold in fact that the oystermen were not able to get out days at a time and it has been a hard winter upon them, from a financial view point.

S. A. L. Files Exceptions.

Raleigh, N C. March. 4th.—The Seaboard Air Line today filed exceptions to the order of the corporation commission requiring that railway and the Southern to build a Union Passenger station at Charlotte. Chairman McNeill, of the commission says that as yet nothing has been heard from the Southern, so that he does not know whether it too will except to the order.

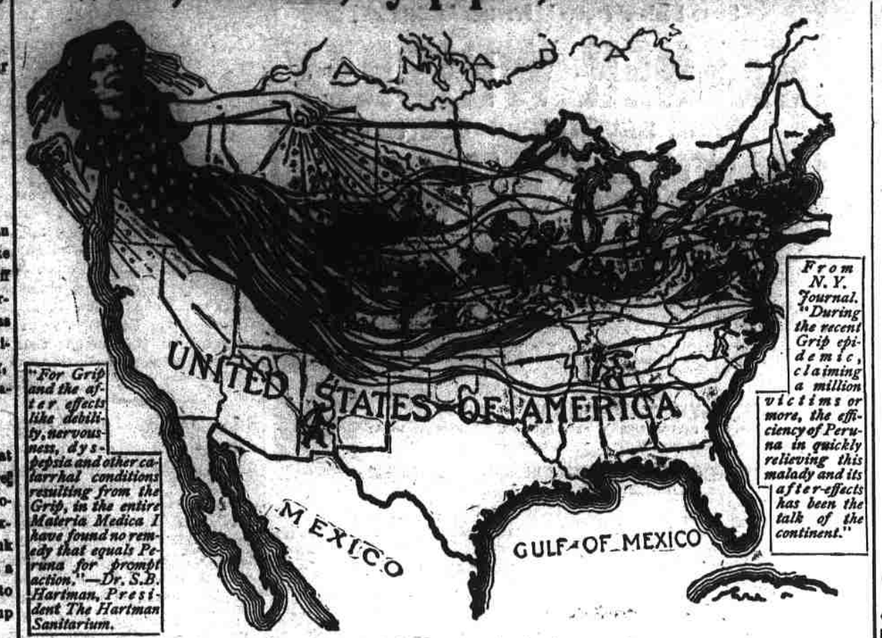
The Grip Leaves Thousands in its Path Weak, Nervous, Dyspeptic, Catarrh Wrecks.



"For Grip and the after effects like debility, nervousness, dyspepsia and other catarrhal conditions resulting from the Grip, in the entire Materia Medica I have found no remedy that equals Peruna for prompt action."—Dr. S. B. Hartman, President The Hartman Sanitarium.

From N. Y. Journal. "During the recent Grip epidemic, claiming a million victims or more, the efficiency of Peruna in quickly relieving this malady and its after-effects has been the talk of the continent."

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands. Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

A New York Alderman's Experience.

Hon. Joseph A. Flinn, alderman Fifth District, writes from 104 Christopher street, New York City, as follows:

"When a pestilence overtakes our people we take precaution as a nation to preserve the citizens against the dread disease.

"La grippe has entered thousands of our homes this fall, and I noticed that the people who used Peruna were quickly restored, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated.

"I had a slight attack of la grippe and at once took Peruna, which drove the disease out of my system in a few days and did not hinder me from pursuing my daily work.

"I should like to see our Board of Health give it official recognition and have it used generally among our poor sick people in Greater New York."—Joseph A. Flinn.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe backache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do.

"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. I used it faithfully and felt a marked improvement. During the next two months I took five bottles, and then felt splendid. Now my head is clear, my nerves steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

Mr. O. H. Perry, Atchison, Kansas, writes:

"Again, after repeated trials of your medicines, Peruna and Manalin, I give this as my expression of the wonderful results of your very valuable medicine in its effects in my case after repeated trials.

"First, it cured me of chronic bronchitis of fifteen years' standing by using two bottles of Peruna in January, 1894, and no return of it.

"After I was cured of bronchitis I had la grippe every winter for several winters. But, through the use of Peruna, it got gradually weaker in its severity, until it dwindled down to a mere stupor for two or three days. Now the stupor does not trouble me any more."—O. H. Perry.

A Congressman's Experience.

House of Representatives,
Washington, D. C.

Peruna Medicine Co., Columbus, Ohio.

Gentlemen—"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully,
George H. White.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

EXHIBITS FOR ST. LOUIS.

Inspection National Guard. Powell Fails to Secure Bail.

Raleigh, March 4.—The line of exhibits of this State at the St Louis exposition will be even more extensive than first planned. The practicalness of the exhibit will be a great feature. Special attention is being given to the woods of the State and it is certain that no southern State has ever prepared so interesting and beautiful a collection of art work in woods, which specialists here have been many months preparing.

The inspections of the National Guard of this State will begin next week and are to be completed by the first of May.

J B Powell, the Norfolk man, charged with fraudulently obtaining goods by the use of the mails, is yet in jail here, and has never been able to give bail. The amount of bail has been increased by the United States Commissioner who found that the charges against Powell were even graver than at first known. Powell's wife and son and Dr Judd of Henderson are here to see him. They were permitted to visit him in his cell in the jail.

F. S. DUFFY'S CONFIDENCE IN HYOMEI.

Not a Penny Need Be Paid Unless It Cures You of Catarrh.

"Use Hyomei and be cured of catarrh," says F S Duffy. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but $1.

The inhaler lasts a lifetime and when extra bottles of Hyomei are needed, they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ killing and health giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, F. S. Duffy will cheerfully refund the money and it will cost a point.
