Entered at the Post office, New Bern, N. C., as second class matter.

Hiram Johnson, Roosevelt's running mate, is said to be a born fighter. It is a fine thing that he is. There's a fight on.

New Jersey is still progressive. The Wilson candidate for the Senate won in the Democratic primaries Tuesday by a sweeping majority.

There is no such thing as an equinoctial storm, says the U. S. Weather Bureau. But that is not final as witness how often the bureau slips up on the weather.

MIDDLE MEN.

A Baltimore man writing the Sun of that city on the high cost of living, says that in fixing the responsibility you don't want to forget the middle man. The middle man is much abused but there is competition in his line of business just as there is in most other lines and that should operate to hold his profits down to a reasonable amount. This in a complex civilization and middle men, it seems to us, are necessarily a cog in the wheel.

SPEAKS HIS MIND.

Governor Wilson is Like William Jennings Bryan—he speaks what he thinks no matter what effect his utterances may have on his prospects. He believes in the initiative and referendum although some of his supporters like the New York World are very much opposed to that innovation. A time serving man would say nothing about views calculated to estrange some of his followers, but Wilson is not of that kind. In a speech at New Haven Wednesday he boldly reaffirmed his belief in the doctrine of the initiative, the referendum and the recall. He is, however, opposed to the recall of judges.

RULING IS ALL RIGHT.

The Wilmington Star thinks the Democratic Executive Committee did exactly the right thing in passing a resolution denying the right to vote in the Senatorial primary to all who do not vote the full Democratic ticket. "Who's making this nomination, anyhow—Democrats or nondescripts? "the Star pertinently inquires.

It is claimed that the ruling is too rigid and that it will cost the ticket many votes and maybe it will cost the party the votes of the few that have a standing grouch, but that will be all.

Any solution of the problem will be unsatisfactory to some, but we believe that the solution that the committee hit upon will be found more satisfactory in the long run than any other would have been found to be.

A less rigid construction of the rules would have been to let down the bars to almost anybody who wanted to have a voice in naming the Senator and that would be unjust not alone to the candidate or candidates who might have a preponderance of strength outside the party but also to the rank and file of the party who feel, and rightly so, that this is their fight.

FIRE PREVENTION DAY.

The Journal lends its heartiest endorsement in favor of a thorough observance of Fire Prevention Day on Oct. 9, the anniversary of the great Chicago fire.

In the case of fire as in the case of disease, an ounce of prevention is worth a pound of cure. It is sometimes a matter of a moment's time and effort to prevent a fire whereas to put out a fire is often a gigantic undertaking. Nearly all fires, like nearly all sickness, is preventable and it is up to the people to get busy and prevent them.

Insurance Commissioner James R. Young has sent out a circular letter in which he urges general co-operation in the plans for an observance of Fire Prevention Day. In this letter he says:

"I desire your city authorities, Mayor, Aldermen, chief of fire department and city building inspector, as well as your civic bodies, board of trade, Merchants' Association, and womens' clubs, to all unite in observance of this day and pushing the work.

"The day should be observed by public meetings, addresses on fire waste, a parade of your Fire Department, and a general inspection and cleaning up of all premises. Many cities and towns observed the day last year and derived great benefit therefrom."

"The need for greater precautions against fire in our State will be immediately evident when it is recalled that there is an annual fire loss in the State of a little more than a half dollar.

Vann was yesterday sentenced to 25 years hard labor in the State penitentary for killing Oliver Layden, a 15-year-old Belvidere lad on July 11th. WOOD SEES NO DANGER OF WAR WITH MEXICO.

Chicago, Sept. 26.—"I don't see even the remotest possibility of any trouble between the United States and Mexico," declared Major General Leonard Wood, chief of staff of the United States Army, who arrived here on a tour of inspection of army posts in the North and Northwest, in discussing the Mexican situation. "Our troops along the border are there to preserve neutrality and to be ready for emergency," continued the general. "They have strict orders not to step across the border. I think the talk of intervention in nothing but a bugaboo."

SURELY SETTLES UPSET STOMACHS

"Pape's Diapepsin" ends indigestion, Gas, Sourness and Heartburn in five minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.

NEW BERN'S REPUTE.

New Bern Appears in Unknown and Many Journal readers will Profit by It.

Which is the more weighty proof—a few words from a New Bern resident whom we know and respect, or testimony from strangers in distant towns? There can be only one reply.

Mrs. C. Pennington, 27 East Front St., New Bern, N. C., says: "I suffered intensely from backache, and sharp, shooting pains across my loins. Often I was so lame that I could hardly straighten after stooping. I knew that my kidneys were disordered for the secretions were very unnatural. I used just one box of Doan's Kidney Pills that I got from the Bradham Drug Co., and this was sufficient to remove my aches and pains. Doan's Kidney Pills have been of greater benefit to me than any other kidney medicine I have ever taken." (Statement given January 24, 1908.)

THE BENEFIT LASTED.

Mrs. Pennington was interviewed recently and she said: "I can still recommend Doan's Kidney Pills, for they gave me permanent relief. You may continue to publish my former endorsement of this remedy."
