Answer: Chanukah, The Festival of Lights.

The FIRST time Elephants were used in battle was by the Syrian-Greeks in the Maccabean War; but to everyone's amazement, Elazer the Maccabee killed the lead elephant single-handed!

It burned twice as long: The Menorah in the Temple in Jerusalem had only seven branches. Each of them held exactly the same amount of oil, but the lamp closest to the Holy of Holies burned twice as long as the rest.

The Most Prominently Placed Menorah in America is on Mount Trashmore in Virginia Beach, Virginia.

The world's TALLEST menorah, THIRTY FEET high, is lit every year on the corner of 5th Avenue and 59th Street in Manhattan.

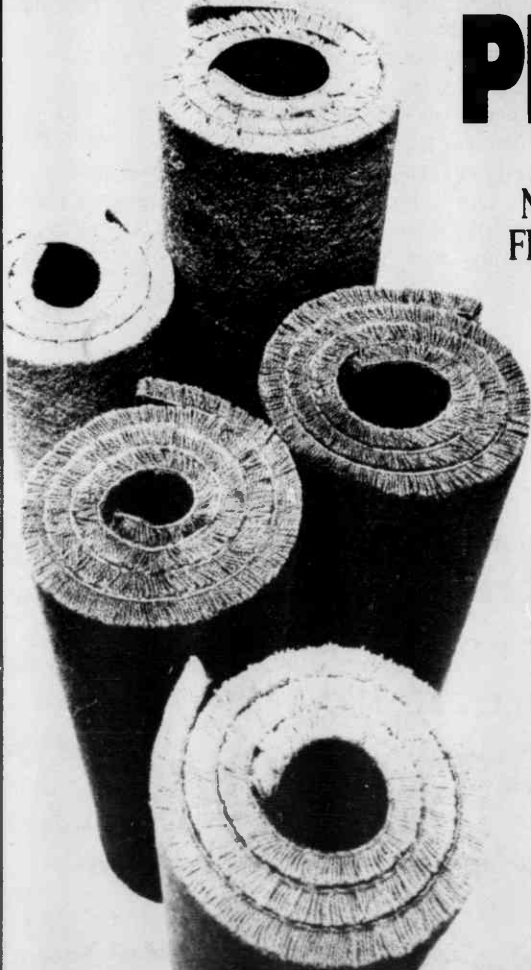

**A HUNDRED & TWENTY THOUSAND** Greek-Syrian soldiers pitted themselves against a handful of Maccabees — but with Hashem's help, we won!

Chanukah, which begins on the 25th day of Kislev, really means "Chanu" — they rested "kah" — on the 25th day (the Hebrew letters "Khof — Hai" add up to 25.)

Did you know the first day of Chanukah can never fall on a Tuesday?
