## B'nai B'rith Lodge Keeps Busy

(L to R) Frank Rosen, Alan Hirsch, Ken Stern, David Fligel, Sol Jaffa and Bob Damsky at Pinehurst.

On November 16-17, representatives from North Carolina lodges gathered in Pinehurst, N.C. for a weekend development seminar. Led by Neil Rosen, Executive Director of District 5, the seminar was an opportunity to learn more about B'nai B'rith and share problems and successes with other lodges in the state. Sessions were held on the overall structure of the organization, programming, member acquisition and retention, and most importantly, member involvement. Attending from the Charlotte lodge were: Frank Rosen, Sol Jaffa, Alan Hirsch, Ken Stern, David Fligel and Bob Damsky.

All of us brought back new ideas and enthusiasm; the group developed a statewide link that will enhance the growth of B'nai B'rith in North Carolina. They plan to meet again to update progress and to rekindle friendships.

Our thanks to Frank Rosen and Alan Hirsch for organizing this weekend.

— David Fligel

### Christmas Substitution Program

This year's Christmas Substitution Program was a huge success. The program, organized this year by Lloyd Scher, is very rewarding to all. Positions were filled at Memorial, Mercy and Presbyterian Hospitals, and at the

## Children Adopt Israeli Children

Students in the Joint Religious School of Temples Beth El and Beth Shalom, have adopted a school for disadvantaged children in Israel. For Chanukah, they sent stuffed animals to the Ashalim Children's Village. Groups of three to four students wrote brief notes to their pen-pals, which were enclosed with the animals. They are eagerly awaiting replies from Israel, so that they can learn more about this special school and their new friends.

The Ashalim Children's Village is a residential facility for children with difficult family situations. Many of the children live at the school, receiving their medical and other care through the school. All of the children eat their meals at the school and spend most of the day in class, studying or learning such skills as sewing and woodworking.

The Joint Religious School plans to maintain an ongoing relationship with the Ashalim Children's Village. They will be writing to their pen-pals, learning about Israel and helping the school to obtain some of the equipment needed to give these children a better start in life.
