

JEW FOR JEW

We are all part of the same Jewish lifeline.
Connected like no other people.

We have stood the test of time.

We have endured exile, persecution and annihilation in almost every corner of the globe.

We have maintained an unshakable belief and a rich, distinctive culture for over 4,000 years—against all odds.

We share an awesome responsibility for our fellow Jews in Russia, Rumania, Poland,

Ethiopia, the Middle East, Latin America—
wherever Jews live.

We share a commitment to the Land of Israel, to the homecoming of her exiles and helping to provide them with the means to begin a new life.

We are one people, with one destiny and a mutual responsibility for contributing towards a bright, secure future.
