Mother's Morning Out

Mother's Morning Out provides a rich and stimulating environment for the very young child while providing parents with a necessary respite from the rigors of child care. A low teacher-pupil ratio (1:6) ensures that each child will receive ample attention while being allowed to develop in their own unique fashion. Learning is a natural by-product of the healthy development. A child wants to learn, to gain skills that enable him/her to be independent and competent. At the "J" we foster these skills, while nurturing the child's sense of self worth, by creating an environment of controlled challenges. By placing your child in the J's program you are providing him/her with a rich set of experiences and demonstrating your understanding of the importance of quality early childhood education.

A child's early experiences form the base upon which all future intellectual, social and emotional developments grow. The purpose of the JCC's Mother's Morning Out program is to provide a high quality first experience for the toddler. Within a warm, secure environment, staffed by professional caregivers, your child will encounter a range of experiences geared to differing interests and temperaments. Such a format will enhance the comprehensive development of the child by building self-esteem, encouraging social interactions and presenting a myriad of opportunities to learn through doing.

General Information

The Mother's Morning Out program is open to current JCC members. In order to be eligible, your child must be at least 9 months and not more than 24 months on October 16. Enrollment will be for the entire year and payment is expected at 3 month intervals. At time of registration we will expect a \$25 non-refundable registration fee and three months tuition. An alternate payment plan is acceptable in the form of post dated checks and can be arranged with the Center director prior to the start of the school year. If your child is withdrawn from the program, you will be refunded any full month's tuition if the place can be filled. Registration will first be open to current program participants and then to the general membership of the JCC.

Visual Arts

Attention Artists

An Art Show, sponsored by the Visual Arts Committee of the Jewish Community Center, will be held from Oct. 22 through Dec. 15 in the East and West Galleries at Shalom Park.

Artists submitting work must be members of the Jewish Community Center or contributors to the Foundation and be at least 18-years-old. All art must be original and completed within the last two years. It is hoped that the majority of the works will be for sale. Commissions from sales will benefit the JCC.

Due to space limitation and number of anticipated submissions, only two framed and ready to hang pieces per artist may be entered. Additional shrink wrapped work will be accepted to be sold from bins.

Photography and three dimensional work requiring special handling will not be accepted at this time. Future shows are being planned to showcase these and other art forms.

For details and applications contact Lina Levine, 365-1728 or the JCC office, 366-5007.

Serigraph Exhibit

The Visual Arts Committee has extended the viewing date for the twenty-three prints, titled "Elementary Knowledge", until Oct. 20. The exhibition is taking place in the East and West Galleries, Shalom Park.

The colorful group depicting the Hebrew alphabet in stylized form is the work of Peter Haden, a native South African who now works and resides in Geneva, Switzerland.

The prints are part of a project begun in 1977 which includes paintings, sculptures, lithographs, serigraphs, as well as a published book. The serigraph collection has been exhibited in London, Paris, Johannesburg and has recently been purchased by a museum in Israel.

The "Elementary Knowledge" series, a gift to the Foundation from Joan Nelson and Lina and Herman Levine, will be moved to a permanent location in the complex after this exhibition.
