New Things Are Happening at the School

We are delighted to welcome on staff Mrs. Nan Blum, who comes to us from the Arts Community School of the Arts. She provides a very enriching and artistic art program for our students.

We are also very fortunate to be offering a Computer Program class through Discovery Place. Mr. John Austin has given of his time and is working with the students on the IBM computers. They will learn all about software, programming and many other exciting facets.

Again, in conjunction with the JCC, Stu Epstein and his staff are providing a wonder-

ful athletic program for our boys and girls.

The entire school participated in the celebration of the 200th birthday of the Constitution held on September 17. The children are prepared for the New Year and are planning special programs for Succoth. They will also help in decorating the community Sukkah. Many interesting projects, field trips, etc. are being planned for the months ahead. An aura of enthusiasm and excitement is prevalent throughout the school.

We wish all a "Happy Succoth."
