Summer Camping Programs at the JCC

By Scott Snyder, Program Director

With spring here in all its glory, can summer and all the happy sounds of children at play be too far behind? We are all eagerly awaiting June 13. What happens on the 13th of June? Why, the first day of summer camp!

The JCC's eight camping programs offer a wonderful combination of activities and positive, fun-filled camping experience to enhance each child's summer and make it a special memory in his/her life. At the JCC, we believe we have the ingredients to make your child's camping experience one of the most meaningful experiences possible. It is an unforgettable opportunity where each day is filled with a variety of activities, good feelings of friendship, enthusiasm and adventure.

The JCC in Charlotte has been involved with summer camp programs for many years and its reputation for providing children with positive camping experiences is well known. The fact that these experiences occur within a Jewish environment adds to making our camping programs more successful.

What about our staff? Quality camps mean highly qualified individuals who provide expert leadership, guidance and friendship. Our camp staff aids youngsters in continued development of both skill acquisition and social/personal growth. In addition to maturity, skills and camp experience, our staff is chosen for their genuine love for children.

round out the day.

For all of you young creative artists, how about the J's very own Camp Keshet, also available for grades 4th-6th. This very unique summer program offers each camper the opportunity to nurture his/her creativity. Whether it is graphic and visual arts, drama and related activities, or music, dance and art, your child will be immersed in the session of his/her choice. Our instructors will provide the inspiration and expertise for these youngsters to explore their creative potential.

As your child begins to grow, interests begin to change and so do our programs. Our very exciting Teen Travel Camp is available for 7th-9th graders. This summer our "travel camp on wheels" will roll down the highways once again to such places as Myrtle Beach, Asheboro Zoo, Lake Norman, Carowinds, Horseback Riding and other exciting daytime trips. Overnight trips include Nashville, Atlanta and Washington, D.C.

New Camp Programs

New this summer to our slate of programs is Chaverim and Teen Computer Camps and Leaders In Training (L.I.T.) program. Our com-

puter camps offer children and teens the opportunity to learn how to program and play a real computer. Instruction at your own level by qualified instructors will assist you in developing your own programs and creative games. Swimming, sports, cookouts, overnights and other traditional camp activities round out the day. The L.I.T. program emphasizes the development of camp skills, leadership training, Jewish programming and the dynamics of working with groups and individuals as well as personal growth. Participants will observe and aid camp groups on a daily basis. An emphasis on advanced craft development, sports instruction and advanced life-saving are key components to the program.

Last year hundreds of children participated in our camping programs and shared in the enthusiasm, spirit and excitement of many special activities and day-to-day happenings. This summer should and will be even more wonderful and beneficial for your youngster. We have put a great deal of time and effort into our camping programs to help ensure that your child has one of the most meaningful summers in his/her young life.
