

THINK OF IT AS A SPORTS SEDAN WITH A VERY BIG TRUNK.

INTRODUCING THE VOLVO 850 TURBO SPORTSWAGON.

The above-mentioned intellectual leap is made surprisingly simple, with the help of the 850 Turbo Sportswagon's 222-horsepower power plant, gas shocks and 16 inch high-performance radials.

Better yet, numerous safety features, including a driver and passenger side supplemental restraint system (Dual air bags), let you make this thrilling leap with confidence.

So, why not leap to a test drive—today.

Drive safely.
