

A black and white photograph of a young boy with glasses, smiling, positioned on the left side of the frame. To his right is a Hanukkah menorah with nine lit candles, their flames glowing brightly against a dark background.

Let there be

Light

These are troubled times. In Argentina, poverty has reached an historical high.

Last year, bankruptcies shot up by 50%, half a million people lost their jobs, and 7.3 million people became poor. Today, half of the poor are hungry.

But with your support, our Jewish Federation can help the Jewish community in Argentina.

This Hanukkah, please give generously to your federation Annual Campaign.

And add a little light to the lives of those who need it most.
