

# IN SERIOUS TIMES, JEWISH PEOPLE TURN TO THEIR FEDERATION

State and federal budget cuts threaten life-altering services for our elderly. While the Jewish federation is at the forefront of the local and national movement to establish a complete system of care for our senior citizens, both innovation and existing services are in jeopardy. And with more than one million of us at 65 or older, we need your help. Give generously to your Jewish Federation Annual Campaign.

AND THE JEWISH FEDERATION TURNS TO YOU
