**GROUNDBREAKING TECHNOLOGY
ARTFULLY DISGUISED AS TRANSPORTATION.**

Of all the remarkable attributes of the new 2004 Lexus sedans, the most impressive may be their proficient use of highly advanced, forward-thinking technology. Presenting the spectacular new ES 330. With an enhanced 3.3-liter engine and all the rich luxury the ES is famous for, it's not just a new model. It's practically a model of perfection. Every 2004 LS now comes standard with a revolutionary adaptive headlight system that employs pivoting headlamps to help you see farther into a turn. Clearly, the future is closer than you think. In fact, it's now waiting at Hendrick Lexus. Test-drive one of the new 2004 Lexus sedans today.

Thanks to the brand-new Hendrick Lexus facility, an extra allocation of high-demand, hard-to-find Lexus sedans is now available while supplies last. Come see over \$4 million in new car inventory available for immediate delivery. Visit Hendrick Lexus today for a test drive and discover for yourself just how good the good life can be.

©2003 Lexus, a Division of Toyota Motor Sales, U.S.A., Inc. Lexus reminds you to wear seat belts, secure children in rear seat, obey all speed laws and drive responsibly.
