

# A WORLD OF GOOD

...people will not assume that all Jews are wealthy. ... founder of a federation-supported ... that sometimes a Jewish woman's husband ... couple has a chance to plan for the future. ... Not every Jew has wealthy parents. Not everyone has ... Not every Jew was there during the housing boom ... because she was a single mom, and she needed help ... federation and its agencies were there for her and her daughter.

Day in and day out, Jewish federation is there to provide food and shelter for the needy, rescue for those in harm's way, education for our children, care and compassion for our parents. You can help.
