

## Jewish Family Services

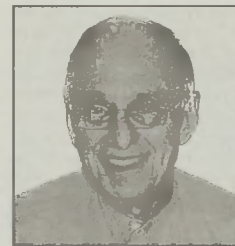

### Jewish Family Services Honors Alan Goldberg at the Annual Meeting, December 10

Jewish Family Services has been an integral part of Alan Goldberg's life for the last twelve years. He joined the board in 1994 and within three years became the Chair of the organization. After serving six years in this office, the Board honored Alan by making

him the first lifetime board member at the end of his term.

A lot has changed during the twelve years since Alan joined the board. First, the demand for JFS services, based on the number of individuals helped each year, increased by 685%. At the same time, the generous Jewish community has increased their financial support by 580% providing the means to care for these growing needs. However, the crowning event has been the construction of new JFS facilities at Shalom Park into which the organization has recently moved. Alan has been deeply involved in the planning and design of this structure.

In Alan's early career, he served in the armored forces during WW II with General George S. Patton, Jr.'s Third Army. After being discharged from the army, he attended Tufts College and received a B.S. in Chemistry. Subsequently, he received an

Alan Goldberg

MBA from Wharton Graduate School.

Alan moved from Eastchester, New York to Charlotte in 1962 with his wife Ruth and their two sons, Michael and Jonathan. Charlotte became his new home with his time concentrated on his family, Temple Israel and the Jewish Community. Jewish Family Services has been of special interest to him and he is proud of being able to contribute to the growth of the organization. ☆
