

Without oil, things just don't run smoothly. On Hanukkah, we remember the story of the miraculous oil that burned for eight days. We use oil to fry latkes, and sometimes to light our menorahs. Oil is the essential ingredient. Without it, Hanukkah wouldn't be as bright.

To Jews in need all over the world, you are the oil. Your gift to federation lights up their lives. For thousands of families in distress—in our local community, in Israel, in the Former Soviet Union, and in 60 countries—the holiday season would be bleak without your help. Live Generously.® It does a world of good.
