

A little honey makes life a lot sweeter. Whether you drizzle it on a wedge of apple or a slice of challah, honey is the taste of the Jewish New Year. Without the honey, the new year just wouldn't be as sweet.

To Jews in need all over the world, you are the honey. You can make life sweeter for one million Jewish elderly in this country, providing medicine, clothing and heat; meals-on-wheels and home care. For thousands of Jews in distress in our local communities, in Israel, in the FSU, and in 60 countries, your gift to federation can make the difference between a sweet year and a bleak one. Live Generously.® It does a world of good.
