

Together
we make miracles

For Wendy Freeman, Hanukkah was looking bleak. Recently divorced, living in a new state, she was having a hard time starting over, and she felt helpless as she watched her children struggle. Then she found the Jewish federation. Wendy's kids got the counseling they needed—and Hanukkah gifts as well. "The Jewish community was there for me every step of the way," Wendy said.

As we commemorate the miracle of Hanukkah, remember that miracles can happen every day. When we band together, as our ancestors did, we achieve extraordinary things. Your gift to the Annual Campaign enables us to bring vital social services and meaningful Jewish experiences to people in our own community and abroad.

For people like Wendy and her family, the miracle of Hanukkah is happening today. Live Generously. It does a world of good.
