

# SOME JEWISH PARENTS DREAM

THEIR CHILDREN WILL GO TO MEDICAL SCHOOL.  
OTHERS HOPE THEIR KIDS  
WILL GET ENOUGH TO EAT.

350,000 Jewish households in the U.S. live below the poverty line. Every day, Federation is there to help them— with food, housing assistance, job placement and more.

Maybe medical school's not for everyone. But every parent deserves to have dreams for their kids.

JEWISH  
FEDERATION
