

NEW PRIVATE OFFICES

A confidential and profitable way to sell your jewelry

Perry's at SouthPark, Charlotte, NC

You're always welcome to come by our store at SouthPark any time during our buying hours and await a confidential appraisal. For those who can't just drop by, our **new private offices** now allow us to take appointments. Our gemologists will work with you to get you top dollar for your estate or unwanted jewelry. Call 704.364.1391 to schedule an appointment at our **new private offices**.

When you're selling your gold jewelry or old coins, the difference between getting a good deal and getting taken is the quality of your appraiser. All seven of our jewelry appraisers are experienced graduate gemologists utilizing the latest testing equipment. Our two coin experts are members of the American Numismatic Association. If those aren't credentials enough, add to them the fact that Perry's at SouthPark has been one of the most respected organizations in Charlotte for over 30 years. When it comes to appraising jewelry, we're the gold standard.

At Perry's, you can sell your old jewelry for top dollar or purchase one of a kind, Fine and Estate Jewelry at prices way below retail.

Tips for Selling Your Jewelry

- Never send your jewelry to out-of-town buyers that promise the highest prices. Most have the highest rate of consumer complaints.
- Never sell your valuables at a counter in view of other customers, insist on using a private office for security.
- Always check the buyers' expertise and that they are graduate gemologists.
- If you have high value jewelry and/or coins, only sell to companies that sell that type of valuables.
- Don't sell your gold or silver coins unless the buyer has at least five years experience and is a member of the American Numismatic Association.
- Make sure the buyers are using the appropriate tools and the latest testing equipment.
