

There were only 11 in the world.
CMC-Mercy makes 12.

As one of only 12 hospitals in the world to be recognized as a “Planetree Designated Patient-Centered Hospital,” CMC-Mercy ensures patients and their families receive the very best in personalized care by placing patients at the forefront of their healthcare journey. This designation underscores our unwavering commitment to the unique needs of our patients and their families throughout their healthcare experience. Every action we take and every decision we make is done with their overall health and well-being in mind.
