

Foundation of Shalom Park Offers Contest to Win a Free Bar/Bat Mitzvah DJ

In collaboration with one of Shalom Park's vendors, AAA Entertainment, the Foundation of Shalom Park is offering a free four-hour DJ production that includes four DJ/entertainers, a powerful sound system, dazzling light show, and customized entertainment to suit your needs. One lucky family will win an incredibly fun and engaging DJ experience that friends and family will remember for years to come. The value of this production is \$2,495.

One unique aspect of AAA Entertainment's approach to your celebration is using Interactive Crowd Entertainers. These trained professionals create an event that has energy, excitement and fun. With decades of experience in the business, AAA Entertainment creates appropriate and crowd-pleasing entertainment for students (and they have accolades from school administrators to prove it). Moms and dads love the Mitzvah entertainment because of the fun and tasteful delivery. With each DJ production, AAA Entertainment offers not just one entertainer, but four.

To be eligible for this promotion, a four-hour (afternoon or evening) Bar/Bat Mitzvah party must be booked with the Foundation, with contracts completed and signed, and 50% rental deposit received between June 1 and August

31, 2015. The date booked for the party must be between October 1, 2015 and June 30, 2016. The drawing will be held on Tuesday September 2, 2015. The drawing winner will be notified by email. You can read the complete drawing rules in the advertisement on page 18.

visitors and partners. Other recent improvements to Shalom Park include:

- * Installed new cooking equipment in the Gorelick Kitchen
- * Replaced a 300-gallon gas water heater which will use one-third the amount of gas to heat the same amount of water.
- * Purchased new stainless steel trash and recycling containers for all community meeting rooms.
- * Shalom Park Security partnered with Athoc, the #1 Networked Crisis Communication Company in the United States. Athoc is a community-wide crisis communication system that will alert all Shalom Park institutions, staff and others during a crisis. Athoc provides this type of network crisis communication technology for Microsoft, the Department of Defense, and Homeland Security.
