Best of the Best: Jewish Education for Adults

The Florence Melton School of Adult Jewish Learning has been named the "best of the best" internationally. From Great Britain, to Australia, Hong Kong and South Africa, the Melton world-class curriculum sets the standard for high-quality, pluralistic Jewish study that inspires adult learners from all knowledge-levels and backgrounds.

Charlotte's own Melton School of Adult Jewish Learning has been enjoyed by 285 students over the past five years. The Levine-Sklut Judaic Library and the Jewish Federation of Greater Charlotte are proud to sponsor the "best of best" in adult Jewish education right here in our community.

Here is what our students have to say:

"Melton classes are so different than what I remember of my Hebrew school days. At first reluctant to commit to 10 or 20 weeks of a session I decided to try one class. That was it; I was hooked. The topics are interesting, instructors enlightening and well prepared, discussions and opinions and thoughts of classmates amazing. I am finishing my third year with Melton and hope to continue. It's one of the better offerings for adults searching for answers, expanding knowledge and enjoying being Jewish." -Len Marco

"I am currently taking the Kabbalah class with Rabbi Groner; I must say my expectations have been exceeded beyond measure. Rabbi Groner is an exceptional teacher with a deep understanding of the subject matter. He is able to take a subject that is quite abstract to the uninitiated and bring it to a

level that one can begin to understand. The class is well worth the time and expense." - Chad Sganga

"For those in the community who know me, you have probably already heard me say how much I love Melton, and I have probably already tried to recruit you. My friends know that I would give up anything on a Thursday evening if it interfered with attending my Melton Classes. Why am I so dedicated? The Melton class has improved me in so many ways and has made me so proud to be Jewish. Although I was educated at a Jewish day school in Montreal, it wasn't until I started taking Melton Classes that I started to really appreciate and gain a deeper understanding of my Jewish heritage. The Jewish holidays that we celebrate throughout the year have become so much more meaningful to me. I have a much better understanding of the struggles the Jewish people have endured throughout the centuries. I enjoy the relaxed atmosphere of the classes and that no preparation is necessary. I can just show up for the 2 hours once a week and simply enjoy the learning. I couldn't think of a more enjoyable way to spend the rare 'alone time' I have during the week surrounded by lovely classmates and truly incredible teachers!" -Janice Zacks
