

HOROSCOPES

by
Korwin

ARIES (Mar. 21-Apr. 19): A recent change looks to be for the best. Take your time and it will work out even better.

TAURUS (Apr. 20-May 20): Problems at home can be worrisome, try to compromise in order to resolve them.

GEMINI (May 21-June 21): Your restless nature is once again getting you in trouble, affairs can be nice, but only if you are single.

CANCER (Jun. 22-Jul. 21): Education is spotlighted now. Study can be difficult as summertime memories are still running through your head. Put them out of your mind and study twice as hard.

LEO (Jul. 22-Aug. 21): Another birthday and you're starting to feel your age. Maybe it's time to settle down. Remember, shop early for best selection.

VIRGO (Aug. 22-Sep. 22): **ASTROPROFILE:** Virgoans are hard workers, modest, tidy, and analytical. Sometimes they are fussy, critical, finicky, and major worriers although they are usually eager to help out.

LIBRA (Sep. 23-Oct. 22): Put on your red dress momma, it's time to celebrate and you know the reason why.

SCORPIO (Oct. 23-Nov. 22): This month has you feeling "all dressed up with No place to go." Bear with it, you might be surprised.

SAGITTARIUS (Nov. 23-Dec. 21): Eat, drink, and be merry? Not on your life. Time to slim down for those holiday goodies you are so fond of, unless, you want to gain 100 or so extra pounds.

CAPRICORN (Dec. 22-Jan. 20): Silence is golden. Don't be a party to gossip now or it could come back to haunt you later on.

AQUARIUS (Jan. 21-Feb. 19): You have found the type of person you are looking for, problem is how to convince them that you are what they are looking for. Be yourself, this will work wonders.

PISCES (Feb. 20-Mar. 20): The waters of life are going to present some strange currents this month. Be adaptable and you'll continue swimming upstream.
