

New Year, *New You!*

by ThinSculpting is a non-surgical, non-invasive procedure that permanently freezes your fat away! CoolSculpting is the only FDA-cleared, non-surgical fat reduction treatment that uses controlled cooling to eliminate stubborn fat that resists all efforts through diet and exercise. The results are proven, and noticeable, so you'll look great from every angle.

As the only designated Diamond facility in the Triangle area that is certified to have multiple CoolSculpting devices, ThinSculpting is able to treat two areas simultaneously, cutting patients' treatment time in half.
