

When Buying Clothes, Better Wear Earlaps than Blinders

It doesn't cost a lot of oratory to sell our product. The goods themselves are eloquent—eloquent of mighty fine pure wool, of notably clever tailoring, of smartly advanceful design. A quick look will breed a longer look. Close analysis will enthusiastically verify your first impression of surprised approval. A thoro investigation will prove to you that we have better values to offer you than any of our competitors. And besides, we run the profit-sharing coupon system, which divides our profits with our customers. With each and every purchase, ask for your coupons, and get valuable premiums.

OUR PREMIUMS HAVE MERIT. WILL YOU COME TODAY?
