

LODGE NOTES

Knights of Pythias

Tallasse Lodge, No. 233, Knights of Pythias, meets every Tuesday evening, at 8.15. Visiting Knights are cordially invited to attend.

W. T. RAINEY

Chancellor Commander

THOMAS C. SHEPPARD

Keeper of Records and Seal

On May 6, Tallasse Lodge, No. 233, Knights of Pythias, held an "Open Meeting" which many of our lady friends and the wives of the members, as well as many of our gentlemen friends, attended.

The Rev. Clifford A. Owens, Pastor of the First Baptist Church, of Salisbury, N. C., was specially invited to be with us, and to make an address, which he did in very fine form. One and all enjoyed having him here, and were helped by his eloquence and the wisdom of his talk. Two of our local ministers, the Rev. Mr. Tate and the Rev. Mr. Arnette, each made fine talks, which were very much appreciated. Bro. A. B. Miller also made a few remarks, which fit into the events of the evening in first-class manner, and gave our visiting friends a better idea of the true nature of Pythianism. Our worthy Chancellor Commander, Dr. W. T. Rainey, was out in full bloom. The talk he might have made might have been mighty fine. We regret that we have to report so much silent eloquence from him, and trust the next time we have a public gathering his eloquence will be of a very different nature.

The "banquet," or buffet luncheon, which was served with the assistance of some of our kind and faithful lady friends shortly after the speakers ceased to speak, was enjoyed very much.

Our "Sunshine" Committee, who had charge of the details of this affair, are to be congratulated for the manner in which they discharged their duties.

By vote of the Lodge, the time of meeting has been set at 8.15 p. m. All members are expected to attend, unless prevented for some very good reason—likewise they are expected to be on time, and to otherwise co-operate for the betterment of our Lodge.

T. C. SHEPPARD

Keeper of Records and Seal

Woodmen of the World

Camp No. 744 is flourishing again, and taking in new members every meeting night.

Visiting Sovereigns are always welcome.

We meet the second and fourth Thursday nights of each month in lodge room over Badin Theater. When in town, come to these meetings. We serve refreshments pretty often, and you can spend a pleasant evening with us.

If you are not a member, see the clerk of the Camp, and he will explain its beauties to you.

We make the paths plain, leading thru the forest.

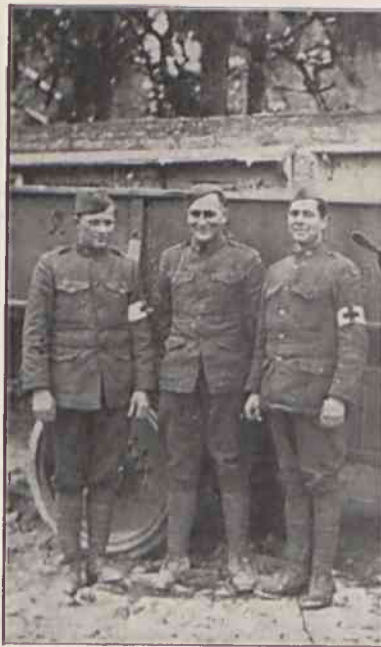

Badin Boy in Service

A. P. O. 791

April 26, 1919

The Badin Bulletin:

A friend mailed me one of your papers some time ago, stating that you would

BINNETT, MARTIN, AND COX

like to have the names of the boys in service from Badin. I was a citizen of Badin two years before Uncle Sam called me, in May, 1918.

I have been in France ever since August 16, 1918, and have seen quite a little service since landing overseas. I also helped to push back the Germans,

the last day of the fight, near the Verdun front.

Yes, if the ocean would only freeze over, we would gladly hike it over the good old U. S. A., toot-sweet.

This is a photograph of two comrades and me—Mr. Binnett on the right, and Mr. Martin in the center. My two comrades are not from Badin. I am stationed at Mussy-sur-Seine, France.

BULLETIN, please give my love to you and all in Badin, and tell them that I hope to shake their paws in the sweet by and by.

I worked for the Badin Supply Company when I was in Badin.

From a soldier in France

LONIE COX

The Vegetable Garden

(Continued from page 9)

bore, arsenate of lead, or some other insecticide. A great many people are afraid to use Paris green on cabbage on account of its being a poison; but as the head forms from the inside of the plant there is no danger of being poisoned. I consider the tarapin bug worse to combat than the cabbage worm. This bug looks very much like the potato bug but is flatter, and a little darker. However, I don't think there will be many in the Badin gardens.

Next month I will write a few remarks for July planting.

G. S. ARTHUR

What Will a Garden Do?

What will a garden do for you?

It will lower your cost of living.

It will add to your pleasure of living.

It will lengthen your years by bringing you better health.

Why not have one?

Prizes:

Producers of the best vegetable gardens win prizes as follows:

First prize, \$10.00; Second prize, \$7.50; Third prize, \$5.00.

Owners of the best flower gardens win prizes in the same amounts.

House Guest

Miss Mae Thorpe, of New York, is the attractive guest of Mrs. J. E. S. Thorpe. Mrs. Joe Brown and daughter, Miss Faron, will arrive about June 1. Mrs. Brown is a sister-in-law of Mrs. Thorpe.

Mr. C. A. Klutz is now employed in the Testing Room.
