

Carbon team. S. B. Mitchell, captain of the Slugger team, is playing short for all teams, and is always a star.

Halley McMickel, pitcher for the Star team, is also becoming a dreadnought in the box. Little Jake Robinson is his catcher. One certain manager of a team in the league is now searching his catalogs for a battery.

We shall be glad to report the games of Monday and Tuesday, Thursday and Friday of next week in the next issue of THE BULLETIN. You should read it to know who really play baseball.

The Colored Students

Altho our number is constantly changing, on account of new ones continuing to come in and a few of the old ones leaving us, yet we are making it pretty well.

The boys say the temperature of the pot-room is pretty high, but the chances for recreation afforded us on the outside, and the pleasant environment, help us to forget those troubles, and impel us to repeat the popular pot-room expression: "Let's go back!"

Dan Pierce's Home

The above picture shows the home of Daniel Pierce, at 905 Sherman Road, which he purchased along with the house immediately adjoining it about three months ago. In front of these houses have been planted flowers; in the back is one of the best gardens we have seen. Here is an example that can well be followed by those in the village who have their own interest at heart, for it shows an evidence of thrift and assumption of responsibility that are bound to bring results.

Jas. Halback, 422 Jackson Street, has a good start toward the garden prize.

Church Notes

Rev. L. A. McDonald and his hustling followers have the distinguished honor of having laid the first cornerstone for a church in Badin. This occasion was one of the most pleasing events in the history of Badin. It was planned for some time ago, and Rev. J. J. Stubbs, of Hamlet, N. C., a great power of the A. M. E. Zion connection, was secured to preach the sermon for the occasion.

The text for the sermon was selected from Joshua 24, twenty-seventh verse. His discourse was short, but was one that could not be surpassed; it was full of power and thought. Rev. McDonald was able to secure the hearty co-operation of Rev. Long and his members of the First Baptist Church of the village, also Rev. McOthan and his choir from Cedar Grove A. M. E. Zion church, near this place. The whole affair was a great one. Mr. Thorpe and Mr. Wake were both present, and made encouraging speeches to the people. The Presiding Elder of this district was also present and preached for the Methodist congregation.
