## OUR HONOR ROLL

Our boys are being rapidly discharged from the military service of our country, and are returning to take their places in the equally important fields of the trades, industries, and professions. So we present herewith a new Honor Roll, which we hope our readers will help us to make and keep correct and complete. It is the roll of former soldiers who are now employed in Badin, both by the Tallassee Power Company and by other businesses. We keep the first place, however, for our honored dead.

## OF GENERAL INTEREST

### Twelve Reasons Why You Should Join the Red Cross

1. It sends emergency supplies and furnishes recreation to one hundred and twenty-five thousand sick and wounded American boys in fifty-seven hospitals in this country.
2. It is seeking to take the place of each one of those boys in his family at home.
3. It is helping discharged soldiers solve their difficulties, especially in regard to allotments, allowances, insurance, bonuses, compensation, and re-education.
4. It is teaching classes in Home Hygiene and Care of the Sick, with the object of having in every home in the country at least one person qualified to nurse in emergencies.
5. It is stimulating interest in Public Health Nursing all over the country; has already placed fourteen Public Health Nurses in Chapters in this Division, and has fifteen others in training. It is financing for the period of two years

a course in Public Health Nursing at George Peabody College for Teachers, at Nashville, Tenn.

It has placed 158 trained Home Service workers in Chapters in this Division, who plan to extend to the civilian population the same service that has been rendered soldiers' families.

It is spreading a knowledge of First Aid to the schools, industrial plants, and homes of the entire country.

It is organizing and conducting Life Saving Corps to cut down the tremendous loss of life from drowning.

It is inculcating ideals of citizenship in the coming generation, thru the Junior Red Cross.

It stands ready to send aid to communities overwhelmed by fire, flood, or other disasters, having answered eighteen calls of this kind in the past year.

It seeks to co-ordinate the work of all other existing social and health organizations, so that they will work together as a harmonious whole.

### Chicken Chatter

"Hello! Is this Bessie Bantam? How are you, Girlie? This is Lilly Leghorn talking. Just fine, thanks. I've just sent the kiddies out to play in Parks' garden, and finished my Thursday laying, and thought I'd call up to see how you were. Yes, it's pretty lonely now—sometimes that vacant perch just breaks me all up. It was such a shocking accident, and poor Mike was such a game old rooster. I don't see how Mr. Dunham could be so careless with an ax. We were married such a short time, too. Time does fly so—hardly seems any time since I made my debut, in April, 1918, and laid my premier oeuf for Mr. Dunham in September of that same year, which showed a lot of pep, altho it's not me that should be talking about it; but you know how a young pullet gets all het up about her first egg, and talks about it for a month, like Harry Smith and his base hit. But I know I never did carry on like that fright of an Annie Ancona that works
