Baseball

The baseball season is opening auspiciously for the Badin team. Out of three games played against outside teams, we have won two. And in the third game, which was played against a strong team from Winston-Salem, the local boys showed such staying and hitting qualities that all the fans were joyous, filling the air with shouts that must have made Albemarle wonder what was going on.

Most of the "old reliables" are back again, and showing good form, while others are to come. The new material showing up in fine shape. Jackson at short is strengthening the infield, and his hitting is fast becoming a feature to be counted upon. Keith pitched a magnificent game against the Winston-Salem team, and if it had not been for their two successive home-runs in that weird second inning, he would have sent them back with a goose egg as a result of their visit.

What's wrong with the departmental teams? Here's where we have the best and most interesting baseball of the season. Let's get busy, and see what sort of mettle the new line-up shows:

Tennis

The devotees of tennis are getting into their accustomed form, and we will soon see matches with all the old-time dash and brilliancy displayed. Among the men almost all of last season's good players are showing up on the courts: Moore, Wake, Richards, Thorpe, Rice,

Liles, and the others. We miss the faces and fine playing of Wagner and Nuebling, and the easy, brilliant game of Foster Brown.

The ladies are beginning to come out in force, and we have the pleasure of seeing, among others Mrs. Thorpe, Miss Whitley, Mrs. Wake, Miss Green, and Miss Whitson.

Badin's Picture Plays

The new picture-play management seems to please the Badin public, judging from the crowds that attend the performances. Mr. Herbert O. Sink, manager, is up-to-the-minute and "on the job" when it comes to selecting an interesting and varied assortment of plays and picture features for the movie devotees of Badin. Some very striking new films will be shown in our big theater at an early date.

Mr. D. Mangum of Uniontown, has come to Badin to make his home.
