In a well-played game, on Wednesday, August 18, Badin defeated Crossroads 3 to 1. Vann and Cress, both Southpaws, pitched good ball, with Vann having the better support. Badin hit Cress for six safeties, one of them being a home run by Rees.

Score by innings:

Crossroads	-----	000 000 001
Badin	-----	002 010 00x

Albemarle received a bad beating in the game played on Saturday, August 21, Badin scoring fifteen runs while Albemarle collected but four. York pitched a two-hit game, and his teammates batted three Albemarle pitchers freely. Coupled with York's fine pitching was some of the best fielding seen here this year, Badin playing errorless ball behind the big pitcher.

Cooleemee came here for two games, on Monday and Tuesday, August 23 and 24, and by superior hitting won the first

game, eight to three. The first five innings furnished good baseball, but timely hitting coupled with poor fielding enabled Cooleemee to win easily in the last four innings. Vann pitched well enough to win in the second game, but an error at a critical moment in the fourth inning presented Cooleemee with enough runs to win. The visitors had a strong aggregation of semi-pro. ball players, yet Badin did not compare so unfavorably with their more experienced rivals.

The Winston-Salem White Sox lost to Badin on Saturday, August 28, when our team made eleven hits for eight runs; the Sox registering but five, for one, off the combined work of York and Vann. Godfrey led for Badin, with three out of four. Good baserunning also helped to swell the score. Norwood, in particular, used his speed, scoring from second on an infield out at first.

ARE YOU A HOME OWNER?

WHOSE FAULT IS IT, IF YOU ARE NOT?

The opportunity is yours, what are you going to do about it?

Every person has the opportunity to own a home, and unless you take advantage of it you are the loser, and the man who buys has gained.

The plans of purchase offered are fair and liberal; the Company assumes the relation of a bank—for your benefit.
