

President's Birthday Ball to be Held Tonight

THE CADET GLEE CLUB will be featured during the intermission at the President's Birthday Ball being held in Woollen gymnasium tonight.

Dance Receipts Will Benefit Paralysis Fund

Pre-Flight personnel, including officers, cadets, enlisted men, and civilian employees, will join with university and townspeople tonight in celebrating the President's Birthday Ball designed to raise funds for the nationwide fight against infantile paralysis.

Sponsored by the Pre-Flight School, the dance will be held in Woollen gymnasium starting at 2100. Music will be provided by the Pre-Flight band, and the Cadet Glee Club will furnish entertainment during the intermission.

Those who have not already purchased tickets may do so at the main entrance of Woollen gymnasium this evening. Price is \$1.00 per person, tax included.

Each year 50% of the money received in the infantile paralysis campaign goes to local chapters for work in the community where the money was raised, the other 50% going to the National Foundation for Infantile Paralysis to forward its program of research, education, and epidemic aid.

The dance will end at 2400, with taps for cadets coming at 0045.

Increased Use Of V-Mail Urged by Navy

Pre-Flight personnel carrying on correspondence with members of the armed forces in foreign areas are urged to use V-mail forms.

The Chief of Naval Operations, stressing the need for increased use of V-mail, recently pointed out that it may be necessary to discontinue carrying personal mail by air, and transport only V-mail and official air mail by air unless more use is made of V-mail.

There are now ample facilities for the handling of V-mail to and from all operating areas in the war zones; it has a high priority and is given first transportation consideration over all mail except Officer Messenger and Official Registered Air Mail.

Within the United States, air mail postage is required on V-mail by air, but no air mail postage is required for V-mail carried by air outside the country.
