COME NOW, WHAT'S THE CHARGE?

Whoever is president of a great democracy will always be a worried man if he takes seriously all the criticisms directed at him, especially the venomous criticisms of men who support a rival party. It is true that a wise president may sometimes find better advice in the condemnation of his enemies than in the praises of his friends. But he knows that he can discount the bulk of the clamor as being only the carpings of the outs who wish they were in. He must be resigned to the fact that he will be blamed for every misfortune and will be credited with none of his beneficial achievements.

If Mr. Roosevelt is ever disturbed at the criticisms hurled against him, he need have no fear so long his most violent critic, the Hearst

press, accuses him in one newspaper at the same time of destroying big business for the benefit of the radicals and of encouraging monopoly at the expense of the poor.

LET'S GET TOGETHER

No community prospers on the principle that business is a brand of piracy. Let the buyer beware and let the competitor do his worst are fit slogans for wildcat enterprises and patent remedy venders perhaps, but honest merchants do not follow such practices. Cooperation to develop a community and to broaden the contribution of its merchants to its progress is profitable to them all.

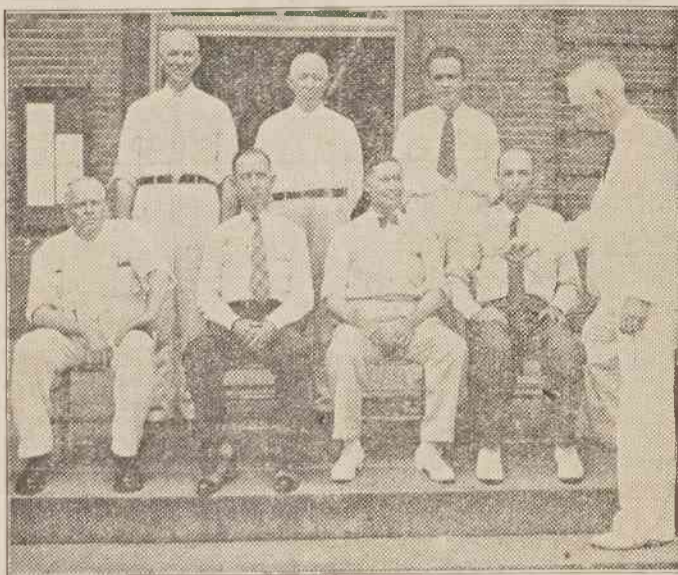

Spring Hope merchants know this but they have not been active to take full advantage of cooperation. To direct the growth of a town which is growing without much encouragement, to plan for the fullest service of the merchants to the community, and to confine competition to its worthiest activities. Spring Hope must have a Merchants Association.

GOOD IN EVERYTHING

Nash County ABC Board reports a net profit of \$51,7813.7889 for the first year of operations, represented by cash on hand and stock which will, of course, be converted into cash. Of gross sales in the county North Carolina realized \$78,8932.890 in sales tax during the same period. And the percentage of motor accidents in the state caused by intoxicated drivers was recently reported to be decreasing.

As long as people will buy liquor anyway, under county control is the way to sell it.

VETERAN TEACHERS HONORED

T. E. Browne, State Director of Vocational Education is shown presenting keys to (front row, seated left to right) H. K. McIntyre, Red Oak; H. W. Bullard, Kerr; G. C. Buck, Hertford; H. N. Cherry, Conetoe; (standing, left to right) W. E. McDonald, Scotis; R. H. Hutchison, Ell Whitney; J. J. Wolfe, Bailey.

Pictured above are the 17 year veteran teachers of Vocational Agriculture who were honored at the Annual Teachers' Conference held recently at State College. In recognition of their long service they were awarded gold keys through the courtesy of The Agricultural Development Bureau of The Barrett Company, marketer of American-made Nitrate of Soda. Other teachers, numbering thirty, who have been in service over ten years were also awarded keys.

SIDELIGHTS

BURT JOHNSON

With all the lights on Broadway, and all the people on 42nd street this has been a very quiet week for me. In fact I have not been down — For I had mid-term exams and they "were something that was." The profs think everybody has the wisdom of Solomon. They were fooled when they got my paper??

Subways: There is nothing or earth like riding the "sub". There is no place easier to get lost than the Penn. Station and 33rd st. 'Sub Station'. Something over 20,000,000 people ride the subway each year. Multiply this by 5 cents and you'll see the money they take in. There is some other things about the sub that one will always remember. The noise is something terrible, then there is the dust, the hot stuffy air, and worst of all to have some great big — greasy — to come in and sit down in your lap, or nearly so.

Then there is something else. When you come out from in the 42nd St. station, which covers an acre of ground and see all the tall buildings from 10 to 30 stories high built right over the top you wonder how it all happens.

Of Interest: At the present time they are jacking up a 26 story building and making it two stories higher in order to put a subway under it — boy it's wonderful what modern science can do. Remember this. There are some 400 people working in this building all the time. How about this for a modern miracle?

Future: When I come to N. Y. 5 or 10 years from now I'll expect to see Virginia and Lucy Frank giving a tap dance in Radio City. I'll be in the 4th balcony if there are any seats available.

Grand Central: This R. R. Station and terminal covers 79 acres. It is call the "monumental gateway to the city."

Facts of N. Y.: All trains going south and west from N. Y. have to go under the Hudson River.

There are 20 large colleges in

N. Y.

Coney Island is not an Island in itself at all.

The General Post office in N. Y. handles over 16,000,000 pieces of mail per day. How about that J. C. and Taylor, but don't forget Chicago has the largest postoffice.

Park Avenue is known as the "high hat street of the world" but beginning at 110th St. it suddenly changes into a push cart section. Along this street you find the more expensive apartments inhabited by more millionaires than anywhere else in the world and under it you will find the tracks of the N. Y. Central R. R.

A World Fair will be held in N. Y. in 1939-40 all of you—Every one of you prepare to come and stay two weeks at least. 1000 acres of land is now being cleared buildings will soon start up.

People in N. Y. pay sales tax and say nothing about it. Why so much fuss in N. C.?

The News looks good to me up here each week.

P. S. How is I. B.'s pasture getting along C. L.?

Mrs Gardner Entertains

Mrs. I. B. Gardner entertained members of the Contract Club at her home last Wednesday. Her home was brightly decorated with mixed summer flowers.

Mrs. Emmet Upchurch won the high score prize for the club, which was a compact. The high score prize for visitors, a rhinestone pen, was presented to Mrs. Arthur Sledd. Mrs. John Baker was awarded a relish tray as consolation prize.

After cards a three course luncheon was served.

Visitors were Mrs. Percy Pitts, Mrs. Julian Brantley, Mrs. Athur Sledd, Mrs. Willard Griffin of Roxboro, and Mrs. Milton Swartz of Akron, Ohio.

Members of the club who were present are Mrs. Emmet Upchurch, Mrs. Finley Bisset, Mrs. Alfred May, Mrs. T. B. Hollingsworth, Mrs. Ben Wood, Mrs. John Baker and Mrs. G. C. Lassiter.

The Pungo fishermen who returned last Friday report fishing was not so good as expected. The creeks were swollen with fresh water. It is said that after one night of sleeping on the ground, the only member of the party who could navigate without creaking was Mr. Cleveland Delbridge. He proved himself to be in fine fettle by standing on his had.

Though Dr. Vann was not at his best, he says he caught several thousand fish some weighing a yard long. And the doctor's sun-tan is the envy and admiration of all the townspeople.

B. Gardner, Bayard Hollingsworth, Ben Wood, Eugene Beddingfield, J. R. Vann, Charles Brantley, J. C. Brantley and Arthur Sledd.

Announcement

Being no longer in accord with the policy of the editors of the Nash County News, I hereby notify the public that on July 20, 1936, I severed my connection with that paper.

Would like now to secure another position. Have had two years newspaper experience, am a fair stenographer and an excellent typist.
