PUSHING OFF — for New Orleans are Rick Crouch, at left, and Jim Covert.

Shades of Huck Finn

From SDF to MSY - By Canoe

One would suppose that most employees' families would prefer to fly for their summer vacation travel needs.

But comfort and convenience seemed to have little bearing on the choice of Louisville Station Manager Tom Crouch's son, Rick.

Rick and his friend Jim Covert set out from Louisville on June 10th for New Orleans, some 1,339 river miles away. Their launching followed months of

careful planning and attention to minute details. Loaded with a small outboard motor for "extreme emergencies", aluminum pontoons to help prevent capsizing and a supply of food with plans for weekly replenishing, the boys departed with a promise to call home at least once a week.

"Not many mishaps", one month and nine days later the boys arrived in New Orleans. Both boys and boat flew home.

INT TRAILER PARK — Space at the home office is at more than a premium, it's moved to the trailers. Located just behind the central office building the four trailers are housing offices for part of the maintenance, purchasing and data processing departments. For a picture of how the new building is coming along see page one.
