## ATTENTION G I JOES!!!!

Several have asked where we are able to get so many snappy stories. Here is the secret: I contacted O. R. Jones, Editor of The Great Dane Magazine of the Steel Products Co. of Savannah, Ga., who graciously sends us copies each month. Some of the stories are rare and we pass them on to you. (Trucker Pug Bass gave us this fine connection.)

Did you hear about the young man about town who approached a cigar counter behind which stood a cute-young thing, and said: "Do you keep stationery?" Said the cute young thing: "Yes up to a certain point, then I just go all to pieces!"
