## WESTERN N. C. PREMIERE IN HIGHLANDS

Theatregoers of Highlands and surrounding area will have the privilege of seeing another outstanding motion picture when The Story of Will Rogers opens at the Galax Theatre Sunday, July 27th. This will be the first showing of

this picture in Western North Carolina. It will be shown Monday and Tuesday also. The early showing is in keeping with the policy of the Galax Theatre of showing a number of motion pictures shortly after being released in order to help furnish entertainment to the tourists of this area who have seen the older releases. The picture stars Will Rogers, Jr. and Jane Wyman and is in Technicolor. It is a Warner Brothers picture.

## LECTURE AT MUSEUM

Dr. A. J. Sharp, Professor of Botany, University of Tennessee, will give a talk on Thursday evening, July 24, at 8:00 P.M., in the Museum of Natural History Building. His lecture will be on "Our Southern Appalachian Wildflowers" and is illustrated with kodachrome slides. This is the second in the Highlands Biological Station's 25th Anniversary Lecture Series.
