THE SHOW MUST GO ON-As Advertised
After looking forward to show-
ing "Where's Charley?" it began to
look as if a substitute picture
would have to take "Charley's"
place. A phone call from Charlotte
Saturday informed the manager of
the Galax Theatre that the prints
of "Where's Charley?" had failed
to arrive on from California.
Fortunately, they arrived in
Charlotte Saturday afternoon. The
print for Highlands was shipped by
air express to Greenville, S.C.
Sunday from which point it was
brought by car by O. F. Summer in
time for the Sunday matinee which
was started thirty minutes late.

This is just one of the com-
plications that may arise in book-
ing films as soon after release
date as this one. Highlands was
one of the first five theatres
showing this feature in the North
and South Carolina area. This
picture was run at advanced ad-
mission to help defray part of the
extra expence involved in getting
brand new releases.

Be Sure To See "TALES OF HOFFMANN"
Playing At The GALAX THEATRE Wed.
August 20. This picture is spon-
sored by the P. T. A.
