## FREAK ACCIDENT

Monday evening about 7:30 o'clock a freak accident occurred on the Walhalla Road at the Blue Valley Vista.

Joseph H. Morgan, and two other boys, all three students at Western Carolina College, were looking at the view believing the car to be safely anchored in park position. However, it must have had a will of its own for it evidently slipped out of park and started over the edge of the embankment. Morgan, owner of the car, and his friends grabbed for it and actually had it stopped when one of the boys fell and the car went over, careening 75 feet down the steep embankment before it turned over on its side.

The body of the car, a 1957 Ford convertible, was extensively damaged.

## SUNSET HILLS

The property in the Sunset Hills subdivision is now for sale. Up until now this tract of land had not been available. It has been laid out with streets, has a beautiful lake, and is a lovely site for a home. Another asset to this property is that it is within walking distance of town.

Sunset Hills is the original Kelsy tract where the home of the founder of Highlands is located.
